New Testament Commentary 3 Matthew Volume 3:

Righteousness, Volume 3 Jeffrey J. Niehaus, 2023-12-06 The third volume of this three volume work exegetes and comments on every occurrence of the Greek terms for righteousness righteous righteously and righteous judgment in the New Testament It begins with a general discussion of the righteous word group in the New Testament and concludes with a discussion of the righteousness of God and the righteousness of faith The same proposal that was explored in Volumes 1 and 2 that righteousness means conformity to God's Being and doing is now explored in the NT Whatever flavor or nuance righteousness terminology may have in different NT contexts study shows that the underlying sense of righteousness as conformity to God's Being and doing both for God and for people has the explanatory power required to commend the definition Such a result has further implications for justification studies

Seyda, 2024-05-16 Here John advises us that loving one another is not an option or a suggestion it is a commandment John doesn't want any believer to become like Adam and Eve's firstborn Cain That happened because Cain was under the influence of Satan This is therefore a warning not to mess with the world So what if they hate us We are bound for everlasting life in the presence of God That's why death has no power over us And that's why if our thoughts do not tell us that we are guilty we will not be afraid to come to God We can pray to God and we can ask Him to help us He will give us what we ask Him for That is because we obey His commands and we do the things that please Him Furthermore we should all love each other because God makes us able to love other people Everyone who loves other people confirms our claim to be a child of God If anyone says clearly that Jesus is the Son of God God lives in that

person And that person lives together with God We know the kind of love that God has for us That s why if we love God we will not be afraid of Him So how do we know that we love God s children We know it when we love God and we do what He tells us to do

A Trustworthy Gospel Daniel B. Moore,2024-03-29 The trustworthiness of the Gospels rests not only on claims of inspiration but also on eyewitness testimony And our confidence in that testimony is directly related Daniel Moore contends to when the first Gospel was published Therefore it is incumbent upon Christians to consider whether an effective case can be made for asserting that the first Gospel was published within several years or perhaps a decade of the resurrection To this end this book offers a series of arguments demonstrating that an early publication of Matthew is reasonable defensible and preferable over the popular view that several decades passed before Gospels were published These arguments include a reasonableness argument that the early church had the means motive and opportunity to produce a Gospel an argument from the church fathers which also resolves supposed conflicts exegetical arguments from Galatians apologetic motivational arguments from Christian scholars over the last several centuries arguments based on ancient perspectives on aging memory and on the obligation of orators to write concerns which would have motivated the apostles to publish early and an explanatory power argument Ultimately the author will encourage the reader to view Matthew as the Messiah s royal chronicler

Theologies of Childhood and the Children of Africa Jan Grobbelaar,Gert Breed,Alfred Brunson,Marcia J. Bunge,Sam Ndogo,Hannes (J.J.) Knoetze,Nico Vorster,2016-12-31 The purpose of this book is to combine perspectives of scholars from Africa on Child Theologies from a variety of theological sub disciplines to provide some theological and ministerial perspectives on this topic The book disseminates original research and new developments in this study field especially as relevant to the African context In the process it addresses also the global need to hear voices from Africa in this academic field It wants to convey the importance of considering Africa s children in theologising The different chapters represent diverse methodologies but the central and common focus is to approach the subject from the viewpoint of Africa s children The individual authors varied theological sub disciplinary dispositions contribute to the unique and distinct character of the book Almost all chapters are theoretical orientated with less empirical research although some of the chapters refer to empirical research which the authors have done in the past Most of the academic literature in the field of Theologies of Childhood is from American or British European origin The African context is fairly absent in this discourse although it is the youngest continent and presents unique and relevant challenges This book was written by theological scholars from Africa focussing on Africa s children It addresses not only theoretical challenges in this field but also provides theological

perspectives for ministry with children and for important social change Written from a variety of theological sub disciplines the book is aimed at scholars across theological sub disciplines especially those theological scholars interested in the intersections between theology childhood studies and African cultural or social themes It addresses themes and provide insights that is also relevant for specialist leaders and professionals in this field No part of the book was plagiarised from another publication or published elsewhere before Ten Steps to Your Best Life Brent Crowe,2021-11-02 There used to be a time we called normal In the years leading up to the COVID 19 pandemic we led distracted lives in a chaotic world Though things seemed in control we were lacking the joy of accomplishment the courage from pushing through the unknown into the beautiful the wonder of walking down an untraveled road to a new destination We sought refuge in the safe confines of what we knew what was familiar Then everything changed Things will never go back to normal This may seem pessimistic but author Brent Crowe shows us there is a time tested pandemic tested approach to a more fulfilling kind of life There is a new normal that can and should emerge from the ashes of 2020 The ancient wisdom of Jesus gives us just that Ten Steps to Your Best Life extracts ten clear steps that Jesus taught for living in and through the most difficult times of transition Discover how to emerge from the shadows with a clear vision for living well in a post pandemic world **Why Christians Should Not Tithe** James D. Quiggle,2009-08-01 The premise of Why Christians Should Not Tithe is simple God having freed his people from the Law through faith in Jesus Christ does not place on them a burden from the Law The thesis is equally as simple Christian giving is not a tithe Christ challenges the believer to give himself and his possessions to the gospel cause but the tithe fixes a limit and implies nothing more is needed Why Christians Should Not Tithe is a thorough discussion of the four tithes in Moses Law Jesus comments on tithing and the twenty one principles of giving developed by the apostles in Acts and the epistles Included is a brief review of the history of tithing from post apostolic times to the present The book concludes with a new paradigm for giving not based on the tithe but on the apostles doctrine of Christian giving Should Christians tithe to support the gospel Here is a study that will help every Christian discover the biblical answer for him or herself Why are There Differences in the Gospels? Mike Licona,2017 Why are there differences in the stories of the Gospels Licona turns to Greek classicist Plutarch for an answer assessing differences that appeared when Plutarch told the same story more than once in his Lives He suggests the differences in the Gospels often resulted from their authors employing the same compositional devices used by Plutarch Why Are There Differences in the Gospels? Michael R. Licona,2016-11-17 Anyone who reads the Gospels carefully will notice that there are differences in the manner in which they report the same events These differences have led many conservative Christians to resort to harmonization efforts that are often quite strained sometimes to the point of absurdity Many people have concluded the Gospels are hopelessly contradictory and therefore historically unreliable as accounts of Jesus The majority of New Testament scholars now hold that most if not all of the Gospels belong to the genre of Greco Roman biography and that this genre permitted some flexibility in the way in which

historical events were narrated. However, few scholars have undertaken a robust discussion of how this plays out in Gospel pericopes self-contained passages. *Why Are There Differences in the Gospels* provides a fresh approach to the question by examining the works of Plutarch, a Greek essayist who lived in the first and second centuries CE. Michael R. Licona discovers three dozen pericopes narrated two or more times in Plutarch's *Lives*, identifies differences between the accounts, and analyzes these differences in light of compositional devices identified by classical scholars as commonly employed by ancient authors. The book then applies the same approach to nineteen pericopes that are narrated in two or more Gospels, demonstrating that the major differences found there likely result from the same compositional devices employed by Plutarch. Showing both the strained harmonizations and the hasty dismissals of the Gospels as reliable accounts to be misguided, Licona invites readers to approach them in light of their biographical genre and in that way to gain a clearer understanding of why they differ.
