A Bible-Based Chronology from the Creation to the Second Advent of Jesus Christ Jim Dodge, 2018-11-09 The Scriptures reveal that when we enter the latter days we ll find ourselves in an increasingly chaotic world where godlessness and lawlessness rule the day During this time God s word will be neglected and twisted for self serving agendas truth will become subjective and relative and entertainment idolatry liturgy and rituals will replace the Lord Jesus from being the central focus of worship in mainline churches In this Bible based chronology the author examines where we are on God s timeline and more importantly why it s not too late to benefit from God s incredible message of creation redemption and eternal life Importantly for these end times the Bible contains an amazingly accurate timeline dating from the Creation to the Second Coming It s been intentionally hidden but specific windows of time highlight the latter days Celebrate God s imminent return and learn about the specific generation that will see all these things before it passes away so that we as children of light should not let the day of the Lord s return overtake us as a thief in the night

Timeline R. Craig Bridgforth, 2021-03-10 It is becoming increasingly popular among the intelligentsia to claim that treasured Bible history is nothing more than a myth Proponents conclude that since the church is unsure of when these events transpired perhaps they never happened in the first place Unfortunately this alarming trend appears to be gaining more acceptance in our seminaries and churches The True Bible Timeline seeks to dispel such notions by providing an accurate resource to properly date the Old Testament The result of a five year long project it accurately establishes and painstakingly documents the dates of key Bible figures and events starting with the Creation of Adam and ending at the Cross of Christ The complete chronology for 200 Bible events is included in the appendix Guided by His Wisdom author R Craig Bridgforth built this timeline through a meticulous process that allowed him to produce a trustworthy and accurate resource that will enrich studies of the Old Testament with new understanding and insight Developed almost entirely from Scripture this reference guide provides a reliable chronology of events and figures from the Old Testament [An Introduction to the New Testament](#)

New Testament Theology Jon Isaak, 2011-01-01

New Testament theology ought to be both descriptive and constructive; this is the argument of *New Testament Theology: Extending the Table*. According to Isaak, New Testament theology is descriptive in that it deals with the accounts that people narrate of their experience with Yahweh, the God of Israel, in the light of Easter. It is constructive in that it joins the diverse testimonies of the New Testament writers into a textured and thick space within which contemporary followers of Jesus continue to be shaped by the ancient yet living Spirit of God. Isaak's approach is historical, thematic and theological in orientation. It explores the conversation taking place around the table where the writers of the NT share their guiding vision of God's saving work among them and their passion for the Christian church engaged in God's mission. The differing perspectives of the New Testament authors are held together without reduction, forming a deep and rich space within which ongoing community reflection and praxis can take place.
