Die opkoms en ondergang van die NG Kerk Jean Oosthuizen, 2018-10-01 In hierdie boek kyk Jean Oosthuizen krities na die NG Kerk se geskiedenis sedert Jan van Riebeeck se aankoms in die Kaap tot waar die kerk vandag is In sy bestaan van meer as 350 jaar het die NG Kerk en die Nasionale Party so verstrengel geraak dat die kerk as die Nasionale Party in gebed bekend gestaan het Die teoloog Ferdinand Deist se voorspelling in die laat tagtigerjare dat die kerk sal ondergaan wanneer apartheid tot n einde kom blyk vandag in die kol te wees As instelling wat apartheid uit die Bybel geregverdig en verdedig het het die kerk se vernietigende invloed nie alleen gemeenskappe in Suid Afrika van mekaar vervreem nie ook lidmate wat kritiese vrae gestel het is na die periferie geskuif Talle individue se menswaardigheid is geskend en verskeie loopbane is onder die dekmantel van Christenskap vernietig soos die skrywer self kan getuig Oosthuizen se blik strek egter wyer as sy ervaring toe hy in 2013 as nuusredakteur van Kerkbode geskors is n die opspraakwekkende Woordfees debakel Sy reis vanuit die kerk se binnekring sluit die verhale in van gelowiges sowel as ongelowiges wie se paaie met die NG Kerk gekruis het Die opkoms en ondergang van die NG Kerk bied n kontempor re blik op die tragiese geskiedenis van n instelling wat deur die aandadigheid aan verontregting stelselmatig irrelevant geraak het

Psalms and Hebrews Dirk J. Human, Gert Jacobus Steyn, 2010-10-28 The reception of early Jewish Israelite texts in early Christianity provides valuable insights into the hermeneutics of ancient authors and studies in this regard are vital for an understanding of their theology ies By focusing particularly on the reception of the Psalms through the hand of the unknown author of Hebrews Old Testament and New Testament scholars combine forces in this collection to determine the shifts in interpretation of the Psalms that took place during the processes of re interpretation within the work of a particular early Christian writer By paying careful attention to the original reading s of the text versions utilized as well as to the manner in which those texts were embedded in a later literary context by the author of Hebrews they provide a window into the trajectories of the Psalm traditions A contextual contribution illustrates the versification of the Psalms in a contemporary African language Afrikaans to illustrate how the Psalms reception remains a vivid endeavor in current times

The Belgic Confession Albert J. Coetsee, Sarel P. van der Walt, D Francois Muller, 2023-10-31 This book investigates the contemporary relevance of the Belgic Confession The book groups the 37 articles of the Belgic Confession together to cover the confession in 12 chapters alongside an introductory

chapter The emphasis of the publication falls on two aspects 1 providing a scope of contemporary theological ethical and general issues and possible controversies regarding the content of the Belgic Confession and 2 formulating ethical perspectives and guidelines from the Belgic Confession that may assist in the building of societies Where applicable chapters also discuss the history of the text of the Belgic Confession the organic unity between the articles of the Belgic Confession a dogma historical perspective on the development of the doctrine content of the Belgic Confession and the relationship between the Belgic Confession and other confessions *Homo Florens?* Nadia Marais, 2023-10-09 What does it mean to flourish Human flourishing lies at the heart of the good news of the gospel and yet contemporary theologies know not only one way of speaking about what it means to flourish If we embed our theological grammars of flourishing in the doctrine of salvation as the doctrine in which theological flourishing talk is arguably rooted and from which rich fruit may be borne there is not one but various ways in which to speak about what it means to flourish Yet what governs our speaking Why do we speak of flourishing as we do The various conceptions of human flourishing that are outlined in this book piety joy and comfort being fully alive healing and dignity grace happiness and blessing represent a collection of attempts not only to imagine human flourishing but also to imagine ways of speaking about human flourishing Perhaps what theology could offer to the vibrant and robust conversations on human flourishing lies exactly in the reminder to take care about how we speak about that which is truly and deeply human our longing to flourish **Nadenke oor 500 jaar se Reformatoriese teologie** Ignatius W.C. (Natie) van Wyk, Wim A. Dreyer, Piet B. Boshoff, Tanya van Wyk, Annelie Botha, Gabriël M.J. (Gafie) van Wyk, Jaco Beyers, 2017-11-28 In 2017 we celebrate for the 500th time the Reformation of the church The authors want to ensure that there is also a contribution in Afrikaans in this important year The central themes of Reformation theology are discussed Reformation theology did not end with the contributions of Luther and Calvin and one of the authors therefore reflects with one of the greatest theologians alive Jürgen Moltmann on theology and life In the recent past scholars such as Ebeling and Van Selms made valuable contributions that could be used in present day discussions on church matters and political challenges This book is proof that these older contributions are still important for in depth reflections on complex theological questions This book is also an exhibition of present day theological research at the University of Pretoria A diversity of opinions are tolerated with the knowledge that there is a common love for our Reformation heritage The book follows the internationally accepted research methodology in the field of historic theology The classical texts of the reformers such as Luther and Calvin are researched in the original and made accessible to the Afrikaans readership The book is witness to the fact that we have valuable contributions to Reformation theology coming from the recent past The contributions are also analysed within their original historic setting and hermeneutically actualised for present day church matters This book is an important contribution to the Afrikaans reception of Reformation theology For the first time important enunciations of the reformers especially Luther are provided in Afrikaans with the original texts in footnotes For the first time Adrianus Van

Selms catechetical handbook that was recently discovered in an archive is brought into the academic discussion As South Africans we struggle with issues such as gender marriage the political role of the church and interreligious relationships It is clear from this research that the older European debates are helpful in bringing depth to our contextual debates The target audience of the book is primarily the academic fraternity in historic theology systematic theology and science of religion It is however also accessible for ministers of religion and the general public hence almost all the Latin German and French quotations are translated into Afrikaans The main aim was to make an Afrikaans contribution to Reformation 500 I declare that no part of any chapter is taken from another published work without the necessary recognition This is original research and not one of the chapters has been published somewhere else
