Pool, 2024-06-30 Hi I'm Marissa Sanlier Up until a few days ago I was a twenty year old girl living with my great great maybe a few more greats aunt in Pennsylvania She died mysteriously and left me everything Her fortune her corporation and this huge estate But she also left me a note That note led me to secrets that dated back thousands tens of thousands of years and laid to rest the question of where we came from why we were here and who made us this way I stumbled onto an ancestry of assassins dedicated to seeing the innocents remain free and ensuring the plots of secret societies hidden in the shadows never come to pass Secret societies that always existed clouded in conspiracy theories but whose history dates back to the birth of mankind My great aunt trained me from a toddler to one day take her place unknown to me and I was now supposed to simply accept her role as guardian The choice is clear I could fade into a privileged lifestyle ignore the genetic enhancements passed on to me by dead parents and watch the world fall slowly into chaos slavery and total subjugation by those working in the shadows Or I could take up the mantle of my ancestors and become The Hawk

Secret War Rigas Rigopoulos, 2003 A True Story of Heroism in Nazi Occupied Greece Some of the most dramatic use of secret intelligence in the Western Theater resulted from covert operations against the Nazis in the cities of occupied Europe which were implemented to a great extent by young men and women For the most part their stories remained shrouded in secrecy Readers were carried away reading the brave feats of the partisans in the mountains deserts and jungles while the strategic role of the spies and saboteurs in the cities remained almost anonymous Rigas Rigopoulos offers a rare insight into the world of espionage and sabotage and the daily terror that characterized covert operations in Athens and Piraeus Rigopoulos was one of many young Greeks appalled by the Axis occupation but one of the few who was prepared to undertake the hazardous role of spy and saboteur

The Masquerade of Lillian Booth Kincaid Ada Val, 2009-09-02 Lillian often finds herself asking the question Why me I was Lillian booth kincaid I was the daughter of Ramon Luzon Kincaid and Stella booth Two people who never really could love each other But got together long enough to make me My masquerade dance is over I had to take it off my mask to revile my sadness my grief my shame my pain my lost hope and dreams I had to watch as my last bit of happiness got sucked down the drain This story takes a close look at Lillian's most awkward years It reads more like a group of snapshots than the story of Lillian's life It explores her complex and often combative home life with her mother Stella and her equally abusive relationship with her boyfriend Xavier how it pushes her to the edge

Healthy Technology Use Bernadette H. Schell, 2024-07-11 In a world

where people have 24/7 access to the Internet, social media and other digital technologies, developing healthy habits around how we interact with our screens can have an enormous impact on our physical, mental and social well-being. Part of the Q&A Health Guides series, this book offers a broad introduction to healthy technology use, a topic of utmost importance in our always-connected world. The book's questions cover the potential negative impacts of technology overuse and addiction on mental and emotional health, physical well-being and our relationships with others. Questions also address concerns such as digital information privacy, identity theft, piracy and the dangers of misinformation circulated online. Finally, the book includes questions covering how to best address technology overuse and addiction, including mindfulness strategies, digital detoxes and therapy. Augmenting the main text, a collection of 5 case studies illustrate key concepts and issues through relatable stories and insightful recommendations. The Common Misconceptions section at the beginning of the volume dispels 5 long-standing and potentially dangerous myths about healthy technology use, directing readers to additional information in the text. The glossary defines terms that may be unfamiliar to readers, while the directory of resources curates a list of the most useful books, websites and other materials. Finally, whether they're looking for more information about this subject or any other health-related topic, readers can turn to the Guide to Health Literacy section for practical tools and strategies for finding, evaluating and using credible sources of health information, both on and off the Internet. **Vedette** Stephen

Siciliano, 2004-04 Born to a Gothic social order branded a hunter of men's dreams, Vedette is traumatized when her small town in the magical wetlands of southern Spain's Guadalquivir River is overrun by hashish-smoking anarchists promising free love and a life without sadness to those who would follow them. Entranced by their flamenco music, their philosophy of revenge and the concrete ability to deliver political results, the young woman joins a movement destined to annihilation and becomes its sole survivor, burdened with the task of keeping its memory and project for a better world alive through conversations with their flamenco shadows. Transcending political viewpoints, Mr. Siciliano opens a new chapter in the understanding of the Spanish Civil War, opting for a literary interpretation that looks beyond right and wrong to more universal lessons: only the passage of decades and the healing effects of time can reveal.
