

Essay About The Role Of Failure In Life

In this essay I'd like to talk about failure in life and how it impacts people.

Failing can be unpleasant. Failing can be embarrassing. Failing can be one of the greatest ways to learn from our mistakes. Most people don't reach their dreams, not because of failure, but because they give up. Those who succeed, say "this is my goal, and I am going to do whatever I can to achieve it".

We experience defeat daily. Every person in this room has failed at some point in their life. You've failed ... I've failed too. Some people give up after failing on the first try. Some people fear failure so much, they never even try. And some fail over and over and over again until they get it right.

I'm sure you failed the first time you tried to ride a bike. I did. Some of us may have even fallen off. Did you become scared of the pain or the embarrassment? Or did you keep on trying until you got it right?

It took me years to learn to ride because I was scared of falling or never being able to. It was only when my dad told me: if you don't try, you can't succeed, that I got back on that bike and didn't give up until I eventually learned.

Failure can be discouraging, but it can also benefit you in the future. It means you have a story to tell, you learn from it, and you develop mental strength.

Eminem, one of the most successful rappers of the 21st century. The first time he went on stage, he got stage fright and he couldn't speak. He was mocked, teased and blamed.
