Northern Girls Life Goes On:

Northern Girls: Life Goes On Keyi Sheng, 2012-05-23 Qian Xiaohong is born into a sleepy Hunan village where the new China rush towards development is a mere distant rumour. A buxom naïve sixteen year old she yearns to leave behind hometown scandal and joins the mass migration to the bustling boomtown of Shenzhen. There she must navigate dangerous encounters with ruthless bosses, jealous wives, sympathetic hookers and corrupt policemen as she tries to find her place in the ever evolving society. Hardship and tragedy are in no short supply as her journey takes her through a grinding succession of dead end jobs. To help her through this confusing maze Xiaohong finds solace in the close ties she makes with the other migrant girls, the community of her fellow northern girls who quickly learn to rely on each other for humour and the enjoyment of life's simple pleasures. A beautiful coming of age novel *Northern Girls* explores the inner lives of a generation of young rural Chinese women who embark on life changing journeys in search of something better. Women Writers in Postsocialist China Kay Schaffer, Xianlin Song, 2013-07-31 What does it mean to read from elsewhere? *Women Writers in Postsocialist China* introduces readers to a range and variety of contemporary Chinese women's writing which has seen phenomenal growth in recent years. The book addresses the different ways women's issues are understood in China and the West, attending to the processes of translation, adaptation and the grafting of new ideas with existing Chinese understandings of gender, feminism, subjectivity, consumerism and post modernism. By focusing on women's autobiographical, biographical, fictional and historical writing, the book engages in a transcultural flow of ideas between western and indigenous Chinese feminisms. Taking account of the accretions of social, cultural, geographic, literary, economic and political movements and trends, cultural formations and ways of thinking, it asks how the texts and the concepts they negotiate might be understood in the social and cultural spaces within China and how they might be interpreted differently elsewhere in the global locations in which they circulate. The book argues that women centred writing in China has a direct bearing on global feminist theory and practice. This critical study of selected genres and writers highlights the shifts in feminist perspectives within contemporary local and global cultural landscapes. **Literature and Religion** Ou Guang-an, David Jasper, 2022-07-28 How does one culture read another? In *Literature and Religion* two scholars, one from China and one from the West, each read texts from the other's culture as a means of dialogue. A key issue in such an enterprise is the nature of religion and what we understand by that term in a world in which ancient religious customs seem to be dying or under threat. Does a comparative study of religious literature offer a way towards mutual understanding or merely illustrate our differences? Underpinned by their own friendship, these two partners in conversation show what is possible. *Quarterly Essay 52 Found in Translation* Linda Jaivin, 2013-11-01 Whether we're aware of it or not, we spend much of our time in this globalised world in the act of translation. Language is a big part of it, of course, as anyone who has fumbled with a phrasebook in a foreign country will know, but behind language is something far more challenging to translate: culture. As a traveller, a mistranslation might land

you a bowl of who knows what when you think you asked for noodles and mistranslations in international politics can be a few steps from serious trouble But translation is also a way of entering new and exciting worlds and forging links that never before existed Linda Jaivin has been translating from Chinese for more than thirty years While her specialty is subtitles she has also translated song lyrics poetry and fiction and interpreted for ABC film crews Chinese artists and even the English singer Billy Bragg as he gave his take on socialism to some Beijing rockers In *Found in Translation* she reveals the work of the translator and considers whether different worldviews can be bridged She pays special attention to China and the English speaking West Australia in particular but also discusses French Japanese and even the odd phrase of Maori This is a free ranging essay personal and informed about translation in its narrowest and broadest senses and the prism occasionally prison of culture About six years ago President George W Bush was delivering a speech at a G8 summit when made impatient by the process of translation he interrupted his German interpreter Everybody speaks English right Linda Jaivin *Found in Translation* *Women and China's Revolutions* Gail Hershatter,2018-09-04 If we place women at the center of our account of China's last two centuries how does this change our understanding of what happened This deeply knowledgeable book illuminates the places where the Big History of recognizable events intersects with the daily lives of ordinary people using gender as its analytic lens Leading scholar Gail Hershatter asks how these events affected women in particular and how women affected the course of these events For instance did women have a 1911 revolution A socialist revolution If so what did those revolutions look like Which women had them Hershatter uses two key themes to frame her analysis The first is the importance of women's visible and invisible labor The labor of women in domestic and public spaces shaped China's move from empire to republic to socialist nation to rising capitalist power The second is the symbolic work performed by gender itself What women should do and be was a constant topic of debate during China's transformation from empire to weak state to partially occupied territory to nascent socialist republic to reform era powerhouse What sorts of concerns did people express through the language of gender How did that language work and why was it so powerful Drawing on decades of Hershatter's groundbreaking scholarship and mastery of a range of literatures this beautifully written book will be essential reading for all students of China's modern history **Marriage In A Culture Of Divorce** Karla Hackstaff,2010-06-02 The experience of married life in different eras *Chameleon's Morrow* Sid Prise,2012-06 Aurelia of Rasil yon a young elfin sorceress is poised to discover herself and her world She embarks upon an epic journey that will take her to many countries through many bodies and forms and to dealings with many gods and goddesses of foreign peoples for whom she once had naught but enmity This odyssey shall not end until she herself ends coming to the precipice of goddesshood and to the end of her mortality She must confront her elfin racism the haughty curse of her people and make common cause with orcs and dwarves and gnomes and humans of various nations Only then is she able to catch a glimpse of the Codex that tome of truth inscrutable that her Uncle Aurel died attempting to recover Along the way she meets and touches many beautiful souls fights

many more evil ones and begins to learn the measure of her destiny Will she learn the beauty of revolt and liberation and win her fight against tyranny Or will she succumb to the force of Madness in the cosmos and become a God **The North**
