outlook on life and experience another plane of conscienceness from a different angle of insight **The Uncommon Housewife** Uboho Bassey, 2015-09-22 The author claims not to be a poet yet she has reached out in a series of heartfelt and thought provoking poems that takes us through her outlook to life living and the world in general The Uncommon Housewife expresses in the most simplistic of terms her experiences opinions and views about life love family and society If you are reading this congratulations You are a victor A survivor You made it through several heartbreaks strings of adversity series of disappointments a cocktail of delays and denials and maybe a couple of failures and losses Life has happened to you and made you stronger and wiser than you ever thought you could be In spite of it all you persevered Let the collection of poems in this book The Uncommon Housewife accompany you on your reminiscences through life and refresh your perception of daily existence and its complexities **FROM LIFE TO DEATH** Richard Allen Brooks, 2011-02-09 If you are seeking perfect rhyme and meter go no further because you are about to read the wrong book of poetry If however you are seeking thoughtful introspection reasoned thought and query interrogatory and response then proceed to read this book for that is just what is in store for you in this first compilation of the poetic expressions of Richard Allen Brooks No one can fully understand or appreciate the works of another person We each bring to our interpretation our own set of experiences through which we must view the work We have not lived the author's life tribulations exalts despair disappointments or jubilations Our interpretation of the author's work is thus a skewed vision of what the author intended in the original meaning of the work even if only slightly and it must be so in order to fit within the confines of our own personal experience which must always be different from that of the author if not in kind then in degree Starting with A Friend Indeed that offers encouragement Your Name tells of living your life but never obtaining the goals you've set for yourself while The Falling Snow was a quiet time after the loss of mother dear sitting on the steps of my younger sister's home just looking out the window at the flakes landing here and there Another one How Sad This Day expresses a loss after losing another loved one and then there is Between Atlantic and Pacific an awareness of those who died during World War II and a memorial dedicated to them Additionally the reader must be advised that Mr Brooks throughout his life has been a tireless giver of his time and energy to the advancement of mankind in every manner at his disposal As much joy as his work has brought him it has also contained bitter returns through many people who mistook his willingness to be of assistance as a weakness and thus resulted in significant pain and disappointment being experienced by Richard There are many other themes running through this work However there are three predominant and recurring themes which the reader will be confronted with Richard's profound sense of loss on the death of his mother a search for direction and the passing of time This work should be read with deliberation Much of what it has to offer cannot be appreciated through casual mindless reading However if you take the time to think about not just what is being said but why it is being said and the message that is being conveyed in each poem you will come away from this book greatly enriched in your understanding of the significance of love loyalty

commitment compassion and understanding not just for your fellow man but for yourself Marilyn V Joyner Morality and the Literary Imagination Gabriel R. Ricci, In a letter to Boccaccio Petrarch extolled the virtue of poetry and letters for promoting an understanding of both human nature and morals The letter was designed to console him after hearing a prediction that he was soon to die and that he ought to renounce poetry The prophecy came from an elder renowned for his piety but Petrarch admonished that too often dishonesty and fraud are couched in religious sentiments Nothing not even death according to Petrarch ought to divert us from literature For Petrarch Virgil was the source for understanding how literary studies not only promote eloquence but enhance morals If anything literature dispels the fear of death The claims of this volume is that it may be the case that the virtuous life can be achieved by those ignorant of letters but a more direct and certain route is guaranteed by a devotion to literature The collected works in this new volume of the Transaction series Religion and Public Life heeds Petrarch s advice that literature not only orients us to life s developmental stages it can provide us with a more complete understanding of the human character while artfully advancing morals To this end Michelle Darnell s opening chapter entitled A New Age of Reason explains how existentialism is an argument for how literature can take on philosophical form not as formal argument but as persuasive narrative Over the objections of even those who study Sartre Darnell uses Sartre s The Age of Reason as a model and shows how his literary output was a legitimate philosophical inquiry In addition to the Darnell piece the volume boasts a series of outstanding and innovative works by scholars in the field Taken together as a whole these authors not only illustrate the moral consequences of an original choice but oblige the reader to explore the ramifications of such a choice in one s own life Gabriel R Ricci is professor of humanities and the chair of the Department of History at Elizabethtown College He is the author of Time Consciousness The Philosophical Uses of History and the editor of Transaction s much admired Religion and Public Life series **The Quiver**, 1905 V 12 contains The Archer Christmas 1877 **Dead Man's Hand** James J. Butcher, 2022-10-11 In the tradition of his renowned father James J Butcher s debut novel is a brilliant urban fantasy about a young man who must throw out the magical rule book to solve the murder of his former mentor On the streets of Boston the world is divided into the ordinary Usuals and the paranormal Unorthodox And in the Department of Unorthodox Affairs the Auditors are the magical elite government sanctioned witches with spells at their command and all the power and prestige that comes with it Grimshaw Griswald Grimsby is not one of those witches After flunking out of the Auditor training program and being dismissed as not Department material Grimsby tried to resign himself to life as a mediocre witch But he can t help hoping he ll somehow someday get another chance to prove his skill That opportunity comes with a price when his former mentor aka the most dangerous witch alive is murdered down the street from where he works and Grimsby is the Auditors number one suspect Proving his innocence will require more than a little legwork and after forming a strange alliance with the retired legend known as the Huntsman and a mysterious being from Elsewhere Grimsby is abruptly thrown into a life of adventure whether

The Abdication of Philosophy — The Abdication of Man G.A. Rauche, 2012-12-06 We live in a time of functionalism operationalism and technologism with all its levelling depersonalising and dehumanising effects In such an age the question arises of philosophy as critical reflective theory about the world man s position and purpose in the world and the relationship between philosophy and man as a free individual This book makes an attempt to give an answer to this question It has been written from great concern as to the future destiny of mankind in the light of various contemporary attempts at the abolition of philosophy and at merging it in practice as this practice is seen by the respective thinker or school of thought This work may be seen as representing an answer to such attempts as they are made for instance by the advocates of linguistic analysis or by representatives of the so called Frankfurt School respectively By an analysis of Western thought in general with emphasis on the present the author of this book seeks to show that the abdication of philosophy as critical reflective theory leads to the abdication of man as a critical reflective individual one that is free to dissent and to say No to the system Man is perverted and alienated from his true nature He is forced to conform and to lead an unauthentic existence within the system
