Quick Start Guide

Thank you for purchasing the Nokia 2600 phone!

Use this guide to:

- Get familiar with your phone
- Turn it on and get started
- Send text messages
- Get organized
- Have fun

NOKIA 2600

All screen images are simulated.

1 Check it out!

- 1 **Power key** Press and hold to turn phone on or off. Press and release to switch between profiles or to return to the Start screen.
- 2 **Navit™ (Selection) key** Press to answer an incoming call or to choose the option shown on the screen above the key. If a name or number is shown on the screen, press this key to make a call to that person.
- 3 **Four-way scroll key** From the Start screen, use the 4-way scroll key for instant access to:
 - Display recently dialed numbers
 - Open your phone book
 - Type a text message
 - Access menu shortcuts
 - Adjust the volume while in a call
- 4 **C key** Press to end a call, decline an incoming call, or return to the previous screen.

2 Get started.

With your Nokia 2600 phone's battery fully charged, simply press and hold the power key to turn the phone on. You may be prompted to enter the time and date the first time the phone is turned on. If the phone displays *Insert SIM card* (Fig. 2.1), continue reading below.

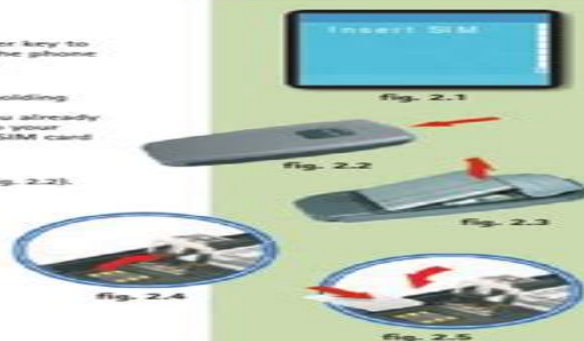

The SIM Card

Your Nokia 2600 phone uses a SIM card to make your life easier by holding information about your account and storing your contacts. The SIM card allows you to store up to 250 additional contacts! If you already have a SIM card, you can transfer your service and phone numbers to your Nokia 2600 phone simply by inserting the SIM! If you do not have a SIM card or service for the phone, contact your wireless service provider.

Insert the SIM card

1. Turn the phone over and remove the back cover by pressing the locking catch (Fig. 2.2).
2. Lift and remove the battery (Fig. 2.3).
3. Carefully lift the SIM card holder from the finger grip of the phone, and open the flip cover (Fig. 2.4).
4. Insert the SIM card. Make sure the gold contacts are facing down and the beveled corner is on the upper-right side (Fig. 2.5).
5. Close the SIM card holder and press to lock it into place (Fig. 2.5).
6. Replace the battery.
7. Replace the cover.

3 Get the message.

The Nokia 2600 phone offers several ways to stay in touch. Use Instant Messaging to chat in real-time with other phone and Internet users. In a hurry? Send a quick text message using SMS. And when words just aren't enough, you can send picture messages.

Create a text message

1. Open the phone menu by selecting *Menu* from the Start screen. ()
2. Select *Messages* (Fig. 3.1). ()
3. Select *Write message*. ()
4. Type your message using the keypad (Fig. 3.2).

Tip: You can enter text in one of two ways: traditional text entry (indicated by in the message title bar) or predictive text entry (indicated by). Predictive text entry is much faster than traditional text entry because it uses a built-in phone dictionary that guesses the words you are trying to type. For additional information about using your keypad to type text, refer to your User Guide.

Send your message

1. When finished typing a message, select *Options*. ()
2. Select *Send*. ()
3. Enter the phone number or select *Find* to locate the desired contact in your phone book, then select *OK* (Fig. 3.3). ()
4. Sending message appears.
