Your Name Is Joseph Shaunté Newby, 2024-10-09 Imagine hosting a bridal shower for a dear friend out of town Your phone signal is low but you don't think too much of it until the event ends and you move to an area with better reception You see that you missed a ton of calls from your hometown with most of them being numbers not stored in your contacts You start to listen to the messages Is your dad okay Your dad had a heart attack Your dad is being taken to the emergency room Please let me know if you need anything Just like that what you had planned will not be happening You have to rush home and face one of your worst fears This book is about my father In 2015 he experienced an ischemic stroke and was in the hospital and a rehabilitation center for twenty one days I was there every day I was scared and nervous A few days into it I decided to keep a minijournal jotting down observations conversations and some of my own personal feelings throughout this experience It started to get therapeutic Then I decided that it may be a good way to share with my dad what happened if he doesn't remember I think of it like that night out with that one friend that didn't drink anything and can tell you what happened I genuinely believe that our stories and experiences are not ours So there is at least one person who needs to know that they are not alone in their feelings and experiences and possibly get a little humor out of it There are some tips and lessons learned that may be helpful if you find yourself in a similar situation **Making Every Primary Lesson Count** Jo Payne, 2017-06-20 In Making Every Primary Lesson Count Six Principles to Support Great Teaching and Learning full time primary teachers Jo Payne and Mel Scott share evidence informed practice and gimmick free advice for ensuring that every lesson makes a difference for young learners Writing in the engaging style of Shaun Allison and Andy Tharby's award winning Making Every Lesson Count the book is underpinned by six pedagogical principles challenge explanation modelling

practice feedback and questioning and provides simple realistic strategies to develop a culture of growth and excellence with pupils Jo and Mel advocate an approach designed to cultivate a growth mindset in the classroom and guide children towards independence motivating both teachers and pupils to aim high and put in the effort required to be successful in all subject areas The authors also offer tips from across the Early Years and Key Stages 1 to 2 phases on how to implement effective routines and procedures so that pupils are clear about what is expected from them in the classroom Making Every Primary Lesson Count is for new and experienced teachers alike It does not pretend to be a magic bullet It does not claim to have all the answers Rather the aim of the book is to provide effective strategies to bring the six principles to life with each chapter introduced by two fictional scenarios rooted in situations primary teachers typically encounter and concluding in a series of questions to inspire reflective thought and help you relate the content to your own practice In an age of educational quick fixes and ever moving goalposts this precise and insightful addition to the Making Every Lesson Count series will have a high impact on learning in the classroom enabling pupils to leave primary school as confident successful learners equipped with the skills and knowledge required of them Suitable for all Early Years and primary teachers *Greek for Life* Benjamin L. Merkle, Robert L.
