Northrup's Adobe Photoshop Lightroom 5 Video Book: Training for Photographers Tony Northrup, 2014-11-26

Combining the benefits of video training and book learning, Tony Northrup's Lightroom 5 Video Book gives you over 12 hours of video and 250 pages of written content. When you can set aside the time, start the videos on a smartphone, tablet, or PC and work alongside Tony Chelsea in Lightroom. When you'd rather learn away from your PC or you just want to quickly look something up, search the eBook or flip through the paperback book to find the information you need. Similar video training costs well over 120 or more or worse requires you to pay a monthly membership fee that might cost you thousands. Similar books cost over twice this amount. You also get over 150 Lightroom presets which usually cost more than 100 and access to our private Lightroom group on Facebook so you can ask questions and get feedback. Tony covers every aspect of Lightroom in depth but structures his teaching so that both beginner and advanced photographers can learn as efficiently as possible. If you just want a quick start, you can simply watch the first video or read the first chapter and you'll be organizing and editing your pictures in less than an hour. If you want to know more about a specific feature, switch to that video or flip to that chapter in the eBook. If you want to know everything about Lightroom, watch the videos and read the book from start to finish.

Tony goes beyond teaching you how to use Lightroom. Tony shows you why and when to use each feature to create stunning natural photos. When Lightroom isn't the best tool, Tony suggests better alternatives. Combining the benefits of video training and book learning, this video book gives you over 14 hours of video and dozens of free presets and raw images to practice with. If you learn better with video, watch the video training and refer to the book for quick reference. If you prefer reading, the book is concise and practical, and each chapter links to relevant videos when you want to understand a topic more deeply or see it used in the real world.
