Research Libraries,1981 **Bowker's Law Books and Serials in Print** ,1984 The Shadow of Childhood Harm Behind Prison Walls Nancy Wolff,2023 In *The Shadow of Childhood Harm* Wolff using a balance of compassion and evidence takes readers through the lives of people who end up inside prison Guided by the words of those who have lived the experience of harm she weaves an expansive body of research that lays bare the harm that began in childhood the curse and its subsequent shadow that later during adolescence and adulthood manifests as harm to self and others eventually culminating in crime that results in incarceration where harm there once again repeats like a bad dream Rethinking America's Correctional Policies Anne S. Douds,Eileen M. Ahlin,2017-06-02 Commonsense Choices from Uncommon Voices *Rethinking America s Correctional Policies* brings together the experiences of men who served time in prison with contemporary research on correctional policy This work combines a voyeuristic desire to observe evil and the consequences of the system of punishment with detached consideration of what those stories can tell us about who we are as a nation and how we treat those who have betrayed the social trust The authors simultaneously examine first person accounts of inmate experiences with the correctional system and what actually works in operation to promote the rehabilitative and restorative models of justice so many of our policymakers espouse Each chapter opens with a vignette a recollection of an event or series of events about an inmate s experience during the various phases of correctional processing These first hand accounts have been collected from men who served time in prison These men s stories are examined in their own right then extrapolated to a broader analysis of the underlying social and policy issues to which that vignette speaks All chapters follow the same structure a opening vignette about a former inmate b analysis which includes i identification of the underlying issue ii reflection and iii extrapolation to a larger policy issue and c recommendations from the field for enacting practice and crafting policy more responsive to the identified issue **Annual Report** New Jersey.
