Resource and Environmental Management Bruce Mitchell,2019 In order to optimally manage the environment and natural resources it is vitally important to recognize that there is much more to consider than just the environment itself and the natural resources it provides A key consideration is also the interrelationship between natural ecosystems and human involvement and behavior This interaction is where the field of environmental resource management comes into play the complex ecological and sociological systems of the natural world intertwined The purpose of this book is to consider such matters and to help readers develop their own capacities as environmental managers and stewards Bruce Mitchell s textbook Resource and Environmental Management served as the gold standard for many environmental science courses when the first edition published in 1997 Now twenty years later an updated third edition allows for the inclusion of recent developments The book covers the basic theories and concepts of environmental resource management and guides students to be able to apply those concepts to practical situations By covering basic theories and concepts and by using case studies to show how these have been applied Bruce Mitchell s new edition seeks to ensure that students have competence in both

aspects The text enhances the reader's capacity to conduct practice and research in resource and environmental management Encyclopedia of Sustainable Management Samuel Idowu, René Schmidpeter, Nicholas Capaldi, Liangrong Zu, Mara Del Baldo, Rute Abreu, 2023-11-21 This encyclopedia is the most comprehensive and up to date source of reference for sustainability in business and management It covers both traditional and emerging concepts and terms and is fully international in its scope More than 700 contributions of internationally renowned experts provide a definitive access to the knowledge in the area of sustainable and responsible management All actors in the field will find reliable and up to date definitions and explanations of the key terms and concepts of management in this reference work The Encyclopedia of Sustainable Management represents all aspects of management and business conduct It takes sustainability as a management concept that gives due credit to the complexity and diverging constraints in which businesses and corporations act today and it emphasizes and focuses approaches that help ensure that today's management decisions and actions will be the basis for tomorrow's prosperity

Macroeconomic Developments and Prospects in Low-Income Developing Countries - 2016 International Monetary Fund. Strategy, Policy, & Review Department, International Monetary Fund. Fiscal Affairs Dept., International Monetary Fund. Monetary and Capital Markets Department, International Monetary Fund. Asia and Pacific Dept, 2016-11-23 This paper is the third in a series assessing macroeconomic developments and prospects in low income developing countries LIDCs The first of these papers IMF 2014a examined trends during 2000-2014 a period of sustained strong growth across most LIDCs The second paper IMF 2015a focused on the impact of the drop in global commodity prices since mid 2014 on LIDCs a story with losers countries dependent on commodity exports notably fuel and winners countries with a more diverse export base where growth remained robust The overarching theme in this paper's assessment of the macroeconomic conjuncture among LIDCs is that of incomplete adjustment to the new world of lower for long commodity prices with many commodity exporters still far from a sustainable macroeconomic trajectory Chapter 1 The analysis of risks and vulnerabilities focuses on financial sector stresses and medium term fiscal risks pointing to the actions including capacity building needed to manage and contain these challenges over time Chapter 2 With 2016 the first year of the march towards the 2030 development goals the paper also looks at how infrastructure investment can be accelerated in LIDCs given that weaknesses in public infrastructure such as energy transportation systems in LIDCs are widely seen as a key constraint on medium term growth potential Chapter 3 With the sharp adjustment in commodity prices now into its third year some of the key messages of the paper are familiar a many commodity exporters notably fuel producers remain under significant economic stress with sluggish growth large fiscal imbalances and weakened foreign reserve positions b countries with a more diversified export base are generally doing well although several have been hit by declines in remittances conflict natural disasters and the contractionary impact of macroeconomic stabilization programs c widening fiscal imbalances in both commodity and diversified exporters have resulted in rising debt levels with severe financing stress

emerging in some cases and d financial sector stresses have emerged in many LIDCs with expectations that these strains will increase in many commodity exporters over the next 12 18 months Key messages on financial sector oversight on medium term fiscal risks and on tackling infrastructure gaps are flagged below Read Executive Summary in Arabic Chinese French Spanish [Africa Yearbook Volume 11](#), 2015-09-29 The Africa Yearbook covers major domestic political developments the foreign policy and socio economic trends in sub Sahara Africa all related to developments in one calendar year The Yearbook contains articles on all sub Saharan states each of the four sub regions West Central Eastern Southern Africa focusing on major cross border developments and sub regional organizations as well as one article on continental developments and one on African European relations While the articles have thorough academic quality the Yearbook is mainly oriented to the requirements of a large range of target groups students politicians diplomats administrators journalists teachers practitioners in the field of development aid as well as business people **The Oxford Handbook of Global Health**

Politics Colin McInnes, Kelley Lee, Jeremy R. Youde, 2020 Controlling a major infectious disease outbreak or reducing rising rates of diabetes worldwide is not just about applying medical science Protecting and promoting health is inherently a political endeavor that requires understanding of who gets what where and why The Oxford Handbook of Global Health Politics presents the most comprehensive overview of how and why power lies at the heart of global health determinants and outcomes The chapters are written by internationally recognized experts working at the intersection of politics and global health The wide ranging chapters provide key insights for understanding how advances in global health cannot be achieved without attention to political actors processes and outcomes **Theorising Development in Africa** Mawere, Munyaradzi, 2017-01-17 How come Africa is so underdeveloped when it is one of the richest continents on earth Indeed Africa is a paradox it is poor and rich at the same time Resource wise Africa is among the top richest continents in the world yet development wise it is the poorest of all continents This paradox desperately needs comprehensive theoretical unpacking and rethinking if Africa is to achieve breakthroughs to the multifaceted development related problems that have haunted it since the beginning of its unequal encounters with Europe Regrettably current Eurocentric development theories fall short on several fronts The need for a comprehensive body of knowledge theories and models from the perspective of Africans persists in urgency The present volume is an attempt to theorise Africa s under development with a view to provide a sustainable enduring framework of operations that will arrest the elusive predicament of the continent while taking it forward from its current position of passivity It rethinks and re imagines a number of externally imposed problematic mechanisms used unconsciously in Africa with the intention to raise awareness and foster critical thinking in scholars and scholarship on African development With its predicament oriented theorising the book is a pacesetter on how to think and research Africa s under development It is also an invaluable asset for social scientists policy makers development practitioners civil society activists and politicians **Citizen Activities in Energy Transition** Sampsa Hyysalo, 2021-06-09 This book addresses the rapidly

changing citizen roles in innovation technology adoption intermediation market creation and legitimacy building for low carbon solutions It links research in innovation studies sustainability transitions and science and technology studies and builds a new approach for the study of user contributions to innovation and sociotechnical change Citizen Activities in Energy Transition gives detailed and empirically grounded overall appraisal of citizens active technological engagement in the current energy transition in an era when Internet connectivity has given rise to important new forms of citizen communities and interactions It elaborates a new way to study users in sociotechnical change through long term ethnographic and historical research and reports its deployment in a major decade long line of investigation on user activities in small scale renewables addressing user contributions from the early years to the late proliferation stages of small scale renewable energy technologies S RETs It offers a much needed empirical and theoretical understanding of the dynamics of the activities in which users are engaged over the course of sociotechnical change including innovation adoption adjustment intermediation community building digital communities market creation and legitimacy creation This work is a must read for those seeking to understand the role of users in innovation energy systems change and the significance of new digital communities in present and future sociotechnical change Academics policymakers and managers are given a new resource to understand the demand side of sociotechnical change beyond the patterns of investment adoption and social acceptance that have traditionally occupied their attention People, Money and Power in the Economic Crisis Keith Hart, John Sharp, 2014-10-01 The Cold War was fought between state socialism and the free market That fluctuating relationship between public power and private money continues today unfolding in new and unforeseen ways during the economic crisis Nine case studies from Southern Africa South Asia Brazil and Atlantic Africa examine economic life from the perspective of ordinary people in places that are normally marginal to global discourse covering a range of class positions from the bottom to the top of society The authors of these case studies examine people s concrete economic activities and aspirations By looking at how people insert themselves into the actual unequal economy they seek to reflect human unity and diversity more fully than the narrow vision of conventional economics
