literature mirrors critiques and shapes our understanding of the future Embarking on this literary odyssey promises a rich dialogue with the past present and potential futures of human civilization The Death Penalty, Volume I Jacques Derrida, 2013-12-04 In this newest installment in Chicago's series of Jacques Derrida's seminars the renowned philosopher attempts one of his most ambitious goals the first truly philosophical argument against the death penalty While much has been written against the death penalty Derrida contends that Western philosophy is massively if not always overtly complicit with a logic in which a sovereign state has the right to take a life Haunted by this notion he turns to the key places where such logic has been established and to the place it has been most effectively challenged literature With his signature genius and patient yet dazzling readings of an impressive breadth of texts Derrida examines everything from the Bible to Plato to Camus to Jean Genet with special attention to Kant and post World War II juridical texts to draw the landscape of death penalty discourses Keeping clearly in view the death rows and execution chambers of the United States he shows how arguments surrounding cruel and unusual punishment depend on what he calls an anesthesial logic which has also driven the development of death penalty technology from the French guillotine to lethal injection Confronting a demand for philosophical rigor he pursues provocative analyses of the shortcomings of abolitionist discourse Above all he argues that the death penalty and its attendant technologies are products of a desire to put an end to one of the most fundamental qualities of our finite existence the radical uncertainty of when we will die Arriving at a critical juncture in history especially in the United States one of the last Christian inspired democracies to resist abolition The Death Penalty is both a timely response to an important ethical debate and a timeless addition to Derrida's esteemed body of work **SCIENCE FICTION Ultimate**

Georges Bataille Michel Surya, 2002
Translated by Krzysztof Filjalkowski and Michael Richardson
Winner of the 1987 Prix Goncourt for Biography
Georges Bataille 1897-1962 philosopher, writer, and founder of the influential literary review *Critique*. It had an enormous impact on the thinking of Foucault, Derrida, and Baudrillard, and his ideas have been the subjects of recent debates in a wide range of disciplines. In this acclaimed intellectual biography, Michel Surya enters into a complicity with Bataille's oeuvre to provide a detailed exposition of its themes as they developed against the backdrop of his life. The essence of Bataille's life and work were defined by transience and effacement, reflecting a will both to contest the impermanence of things and to confront death. His troubled childhood, his relationships with surrealism, and his paradoxical position at the heart of twentieth-century French thought are enriched here with testimonies from Bataille's closest acquaintances, making this a vivid and detailed study. Revealing the contexts in which he worked and the ways in which his work and ideas took shape, Surya sheds essential light on a figure Foucault described as one of the most important writers of the century.

The Last Day of a Condemned Man Victor Hugo, 2024-05-09
By the thin light of a prison cell, a nameless man counts down the final moments of his life. His heartbeat fills the silence; his pen scratches desperate words. In *The Last Day of a Condemned Man*, Victor Hugo delivers an intimate, harrowing monologue of a soul on death row, a work so vivid and compassionate that it reads like the confessions of a real condemned prisoner. First appearing anonymously in 1829, this short novel shocked polite society with its unflinching portrayal of a man's last six weeks before the guillotine. Hugo then, only in his twenties, dared to confront France's use of capital punishment, making an emotional plea that was ahead of its time. Early readers were astonished; some critics in 1829 dismissed the book as morbid fantasy, proving nothing yet. Others, including novelist Sainte-Beuve and poet Alfred de Vigny, hailed its penetrating psychological truth. Within a few years, Hugo's stance gained momentum. By 1832, he felt emboldened to attach his name and a powerful new preface to *The Last Day of a Condemned Man*, openly condemning the death penalty. What began as a risky anonymous publication had ignited a national conversation, helping to humanize the figure of the prisoner in the public mind. Told in the first person, *The Last Day of a Condemned Man* reads like the diary of someone who could be anyone, and that is Hugo's point. The protagonist

has no name no described face or crime he is Everyman under the blade of the law We follow his stream of consciousness from the moment of sentencing to the final steps toward the scaffold In fragmented visceral passages he recalls distant memories of childhood and family agonizes over the daughter he will leave orphaned and swings between terror denial and dark resignation Ordinary sounds a jailer s footsteps a distant bell become monumental in his perception The narrative has no action beyond the turning of hours yet it is gripping each page is charged with the unbearable tension of a man awaiting his own death Hugo places the reader inside that condemned mind forcing us to confront the cruelty of an execution s psychological torture It is a bold literary experiment in empathy that had seldom been tried before This critical reader s edition presents a modern translation of the original manuscript crafted to help the armchair philosopher engage deeply with Hugo s works through clean contemporary language and streamlined syntax that clarifies his expansive ideas Supplementary material enriches the text with autobiographical historical and linguistic context including an afterword by the translator on Hugo s history impact and intellectual legacy an index of the themes and philosophical concepts he employs emphasizing Romanticism social justice and moral idealism a comprehensive chronological list of his published writings and a detailed timeline of his life highlighting the personal relationships including his relationship with Charles Dickens and political commitments that shaped his vision
