Past Sats Papers Amazing Pebble:

Smoother Pebbles Jonathan R. Cole, 2024-04-26 Until the middle of the twentieth century few thought of science as a social system instead seeing scientific discovery as the work of individual geniuses Columbia University's Department of Sociology played a pivotal role in advancing the social study of science Researchers of the Columbia Program analyzed how science works as a social institution exploring its norms values and structure Smoother Pebbles presents a collection of essays authored or coauthored by Jonathan R Cole a leading Columbia Program figure that trace the development and institutionalization of the sociology of science Spanning from the 1960s to the 2020s and including both empirical and theoretical studies of science the book is at once wide ranging and united by core questions Are scientists rewarded for the merits of their work or for other reasons How does the system of social stratification in science operate Has the funding of scientists been the result of an old boys network How fair is the peer review process In what ways does science fall short of its universalistic ideals What factors have constrained opportunities for women in science How has science fared amid attacks on academic freedom and free inquiry at universities Cole's introduction contextualizes both individual essays and the major concerns of the Columbia Program Smoother Pebbles is essential reading for those interested in the growth and crucial questions of the sociology and social studies of science

Gravel Heart Abdulrazak Gurnah, 2022-02-17 By the winner of the Nobel Prize in Literature 2021 The elegance and control of Gurnah's writing and his understanding of how quietly and slowly and repeatedly a heart can break make this a deeply rewarding novel Kamila Shamsie Guardian For seven year old Salim the pillars upholding his small universe his indifferent father his adored uncle his treasured books the daily routines of government school and Koran lessons seem unshakeable But it is the 1970s and the winds of change are blowing through Zanzibar suddenly Salim's father is gone and the island convulses with violence and corruption the wake of a revolution It will only be years later making his way through an alien and hostile London that Salim will begin to understand the shame and exploitation festering at the heart of his family's history Riveting The measured elegance of Gurnah's prose renders his protagonist in a manner almost uncannily real New York Times Glittering Each work is different from the last yet they build into a powerfully evocative oeuvre that keeps coming back to the same questions in spare graceful prose about the ties that bind and the ties that fray Telegraph A colourful tale of life in a Zanzibar village where passions and politics reshape a family Powerful Mail on Sunday
