Rush and Philosophy is a fascinating look at the music and lyrics of the band setting out to address thought provoking questions For example elements of philosophical thinking from the likes of Jean Paul Sartre Ayn Rand and Plato can be found in Peart s lyrics does this make Peart a disciple of philosophy In what ways has technology influenced the band through the decades Can there be too much technology for a power trio Can listening to Rush s music and lyrics lead listeners to think more clearly responsibly and happily Is the band s music a pleasant distraction from the singing of Geddy Lee In what ways is Rush Canadian How can a band that has been referred to as right wing also criticize big government religion and imperialism Rush and Philosophy is written by an assortment of philosophers and scholars with eclectic and diverse backgrounds who love Rush s music and who get the meaning and importance of it They discuss Rush with the enthusiasm of fans and the seriousness of college professors The book will be a must read for the many fans who have long known that Rush deserves as much respect as the ideas concepts and puzzles about human existence they write and compose music about The Words and Music of Frank Zappa Kelly Fisher Lowe,2007-10-01 A deep look at the work of one of the most insightful and incisive critics of late 20th century American culture **We Didn't Start the Fire** Ryan Raul Bañagale,Joshua S.
