Gender in African Social Media Shepherd Mpofu, Kealeboga Aiseng, 2025-09-18 Through African case studies this book explores how gender and sexuality are articulated on social media While the representation of gender in mainstream media has been studied for many decades this book fills a gap by focusing on social media platforms like Facebook X Instagram and Tik Tok and examining representation commodification and sexuality on these platforms The contributors hold a mirror to society and reflect on the issues in our current world of empowerment where sexuality and gender preferences are respected and sexual rights are protected by constitutions in progressive democracies Through their research Shepherd Mpofu Kealeboga Aiseng and the contributors strive to alter the male gaze commercial benefits of commodification and African culture as benefited and influenced by patriarchal societies Financial Inclusion and Digital Transformation Regulatory Practices in Selected SADC Countries Howard Chitimira, Tapiwa Victor Warikandwa, 2023-03-28 This book investigates the regulation and promotion of financial inclusion and provides a comparative analysis of the regulation promotion and enforcement of the relevant laws in the SADC in particular South Africa Namibia Botswana and Zimbabwe as well as the challenges of financial inclusion In turn it evaluates financial inclusion in the context of specific challenges faced by unbanked and underbanked customers who are easy targets for cyber criminals because they tend to have lower levels of digital literacy The book presents novel discussions that identify the challenges and flaws associated with the enforcement of financial inclusion laws and related measures intended to promote financial inclusion in the SADC region This is primarily done in order to reveal the current strengths and weaknesses of financial inclusion laws in relation to certain aspects of the companies securities and financial markets in the region For example there is no common financial inclusion instrument law that is effectively and uniformly applied throughout the SADC This has impeded the enforcement authorities efforts to effectively combat financial exclusion across the region The book is likely the most comprehensive study to date on the regulation and promotion of financial inclusion in the SADC region and fills a major gap in SADC and African legal jurisprudence As such it offers a valuable asset for policymakers attorneys bankers securities share holders and other market participants who deal with financial inclusion as well as undergraduate and graduate students interested in the topic
