Mawuli Dzitse,2020-05-25 Have you paused for a second to consider the power behind the great innovations we see around us these days the internet computers aeroplanes cell phone technology drone photography multimedia stuff LED ads etc What do all these inventions have in common Well these are all products of the human mind The creator of the universe endowed humans with an exceptional gift which when well harnessed enables us to think and solve problems How well we use this gift of the mind is the subject matter of this book written by Mawuli Dzitse In relatively few pages the author establishes the important role the mind plays in our lives Any manipulation of the mind has a telling effect on who we are and what we become The mind is like an independent variable the state of the dependent variable revolves around it So what happens when the mind is in a doubtful state A doubtful mind does not necessarily have to result in negative developments In fact doubt generates creativity When used in moderation doubt can be a welcoming asset in the society It is a mover for social change Nevertheless doubt can be pathological if it is not managed properly It is the prevention of negative aspects of doubt that the author focuses in this book The underlying

tone of the book posits that every human being has the capacity to use their mind to produce outcomes that can improve the quality of life than the one they came to meet Mawuli provides answers to questions aimed at enhancing individual outlook on life as well as strategies for making the mind clean healthy and functional In other words how individuals should nurse and nurture their mind food which he identifies as information and messages He advises readers to avoid activities that can kill dreams The book is spiced with biblical quotations to lubricate the mind and provide spiritual wisdom to the reader In addition the author provides practical exercises in Self Post reading Discernment sections that allow the reader to have hands on training and the feel of what is being advocated It s a must read for all who aspire to greatness and those who want to optimize the use of their greatest gift the mind Doubtful Minds Arise will be useful to students teachers the young and the old men women and all those who want to experience an intrinsically fulfilling life Dr Ransford Antwi Department of Communication Studies Central University Ghana **Daily Graphic** Ransford Tetteh,2010-04-17 **Daily Graphic** Yaw Boadu-Ayeboafah,2006-10-03 **Graphic Sports** Joe Aggrey,1998-06-12 Academic Excellence in 21 Days Eric Nwachukwu,2015-12-21 This book is for students who want to excel academically The guideposts and principles contained in this book will show you why and how you will become a high flying student I managed the local library of Our Lady of Fatima Cathedral Catholic Church Kano for over four years as an unqualified librarian and I see different students preparing for different exams in a mediocre way What is most shocking here is that most of these students are mediocre students due to the fact that they lack the right approach to learning studying and preparations required for academic excellence rather than the mere exertion of studies The principles in this book are no respecter of persons age gender race background or your location The results are the same to whoever would apply them It contains the distilled essence of all that you need to know and do in your academic journey to excellence This 21 Days course has SIX stages Each Days message material is divided into different sub sections dealing with one central topic literally and in a juxtapositions context Consequently the reader is allowed to exercise his her power of association and observation of ideas presented in connection to the other sub sections and signposts illustrated in the book with the application exercises **Multidisciplinary Journal of Research Development** ,2008 *Daily Graphic* Elvis Aryeh,2002-05-30 Daily Graphic Elizabeth Ohene,1980-03-17 **West Africa** ,2002 **The Diverse Facets of Corruption in Sierra Leone** Emmanuel Saffa Abdulai,Ina Kubbe,2024-07-15 This edited volume delves into Sierra Leone s complex post conflict landscape It posits that the nation s path to peace and stability hinges on robust anticorruption measures The chapters explore Sierra Leoneans unique perception of corruption reflecting its political economic legal and socio cultural dimensions Moving away from mere theoretical abstraction the book pulls together fascinating practical discussions on the success and challenges of anti corruption tools used in Sierra Leone Approaches used to explain corruption in this postwar fragile democratic country include issues like non conviction based asset recovery and how it works unexplained wealth exposes lifestyle offences accountability of the judiciary and how judicial
