Tippen,2018-08-12 In Inventing Authenticity Carrie Helms Tippen examines the rhetorical power of storytelling in cookbooks to fortify notions of southernness Tippen brings to the table her ongoing hunt for recipe cards and evaluates a wealth of cookbooks with titles like Y'all Come Over and Bless Your Heart and famous cookbooks such as Sean Brock's Heritage and Edward Lee's Smoke and Pickles She examines her own southern history grounding it all in a thorough understanding of the relevant literature The result is a deft and entertaining dive into the territory of southern cuisine black-eyed peas and cornbread fried chicken and fried okra pound cake and peach cobbler and a look at and beyond southern food tropes that reveals much about tradition identity and the yearning for authenticity Tippen discusses the act of cooking as a way to perform and therefore reinforce the identity associated with a recipe and the complexities inherent in attempts to portray the foodways of a region marked by a sometimes distasteful history Inventing Authenticity meets this challenge head on delving into problems of cultural appropriation and representations of race thorny questions about authorship and more The commonplace but deceptively complex southern cookbook can sustain our sense of where we come from and who we are or who we think we are     **Hog Wild** Lynn Waltz,2018-05-15

When Smithfield Foods opened its pork processing plant in Tar Heel North Carolina in 1992 workers in the rural area were thrilled to have jobs at what was billed as the largest slaughterhouse in the world However they soon left in droves because of the fast unrelenting line speed and high rate of injury Those who stayed wanted higher wages and safer working conditions but every time they tried to form a union the company quickly cracked down firing union leaders assaulting organizers and setting minority groups against each other Author and journalist Lynn Waltz reveals how these aggressive tactics went unchecked for years until Sherri Buffkin a higher up manager at Smithfield blew the lid off the company's corrupt practices Through meticulous reporting in depth interviews with key players and a mind for labor and environmental histories Waltz weaves a fascinating tale of the nearly two decade struggle that eventually brought justice to the workers and accountability to the food giant pitting the world's largest slaughterhouse against the world's largest meatpacking union Following in a long tradition of books that expose the horrors of the meatpacking industry from Upton Sinclair's The Jungle to Eric Schlosser's Fast Food Nation Hog Wild uncovers rampant corporate environmental hooliganism labor exploitation and union busting by one of the nation's largest meat producers Waltz's eye-opening examination sheds new light on the challenges workers face not just in meatpacking but everywhere workers have lost their power to collectively bargain with powerful corporations     **Musings and Adventures**
