Fuel Economy Guide ,2007 **HCI and User-Experience Design** Aaron Marcus, 2015-12-03 This book consists of a series of essays which addresses the essentials of the development processes in user experience design: UX design, planning, research, analysis, evaluation, training, and implementation, and deals with the essential components: metaphors, mental models, navigation, and appearance of user interfaces and user experiences during the period of 2002-2007. These essays grew from the author's own column entitled Fast Forward which appeared in Interaction Magazine, the flagship publication of the ACM Special Interest Group on Human Computing Interaction (SIGCHI). Written in such a way as to ensure longevity, these essays have not been edited or updated; however, a short Postscript has been added to provide some comments on each topic from a current perspective.
