

Plato

Directions: After reading about Plato, fill in the chart below.

Profession	Years Alive
Plato was an Ancient Greek Philosopher and Mathematician.	He was born in Athens in 427 BCE, and he died in 347 BCE.
Teacher	Legacy
Plato was a student of the famous philosopher, Socrates.	While traveling, Plato wrote his more famous works called Plato's Dialogues. Socrates was usually the main character of Plato's writing. It is because of Plato that we know so much about the life and thinking of Socrates. After traveling and writing, Plato returned to Athens and opened a school called the Academy. Aristotle, a famous Greek scientist, was one of Plato's students at the Academy. Plato's writings are still studied by political science and philosophy students today.
