WORLD HISTORY

SECTION II, Part B

Time—80 minutes

Use the passages below to answer all parts of the questions that follow.

"Non-violence is the first article of my faith. It is the last article of my faith, and it is everything in between. I write because I had to make my choice. I had either to accept a system of repression as being, which I think has done [possible] harm to my country or reach the soul of my people bearing forth in a violent way. I know that my people have something to give and I am deeply sorry for it.... I am attempting to show to my countrymen that violent non-cooperation only multiplies evil and that no evil can only be sustained by violence..."

—Independence leader of India, Mahatma Gandhi, "Constitutional Speech" (1913)

"Decolonization is always a violent phenomenon... For if the fact is all be said, this will only come to pass after a murderous and decisive struggle between the two forces [French colonizer/colonized Algerians]. That affirmed intention to place the fact at the head of things... can only triumph if we use all means to turn the scale, including, of course, that of violence... The native [Algerians] who decided to put the program [decolonization] into practice, had to become the moving force, is ready for violence at all times. From birth it is clear to him that this new world... can only be called into question by absolute violence."

—Frantz Fanon, *Wretched of the Earth* (1961)

2.14 Briefly describe ONE significant difference between Gandhi's understanding and Fanon's understanding of the use of violence to achieve decolonization.

1) Briefly explain how ONE specific historical event or development from the period between 1945-Present could be used to support Gandhi's interpretation.

2) Briefly explain how ONE specific historical event or development from the period between 1945-1975 could be used to support Fanon's interpretation.
