SHORT STORIES FOR STUDENTS Cengage Learning Gale,2016 Reading Saki Brian Gibson,2014-06-23 Here is a thorough critical re examination of the Edwardian master of the darkly humorous short story Saki the pen name of Hector Hugh Munro 1870 1916 Saki the satirist constantly rebelled against but depended upon the world of H H Munro the gentleman bachelor In reassessing the importance of post Wilde sexuality anti suffragist feelings and attitudes towards Jews and Slavs in Saki's oeuvre it becomes clear that the fiction of Saki reflects a fervid imperial masculinity in Britain as World War I approached The tension between rebellious sexual politics and pro patriarchy nationalist views in Saki's fiction reflects a time when the old manly bourgeois traditions of coming home from work to the angel of the hearth and defending King and Country abroad increasingly clashed with new sexual identities women's agitation for the vote and the growing presence of non British Others in the public imagination

Teaching Literature Rhetorically Jennifer

Fletcher, 2023-10-10 English language arts teachers often find themselves defending their discipline and the practical values it has. When will I read this again is an all too common question heard in classrooms. Author Jennifer Fletcher faced the same questions and more. In *Teaching Literature Rhetorically: Transferable Literacy Skills for 21st Century Students* she shows you how to help your students develop transferable literacy skills that allow them to succeed not just in their English language arts classes but in their future lives and careers. The book is built around eight high utility literacy skills and practices that will help students communicate effectively and with confidence as they navigate important transitions in their lives. Integrating skills and knowledge from texts. Reading closely and critically. Assessing rhetorical situations. Negotiating different perspectives. Developing and supporting a line of reasoning. Analyzing genres. Communicating with self and others in mind. Reading and writing with passion. *Teaching Literature Rhetorically* offers readers writing prompts, readings, discussion questions, graphic organizers as well as examples of student work and activities for helping students to understand key rhetorical concepts. As Fletcher writes in her introduction, rhetorical thinking promotes the transfer of learning, the single most important goal we can have as teachers if we hope to have a positive impact on our students' lives. This book will help teachers everywhere do just that.

Guide to World Literature National Council of Teachers of English. Committee on Comparative and World Literature, 1980. This guide, a revision of a 1966 work by Robert O. Neal, is intended to encourage reading beyond the traditional English and American literature texts by making available a useful resource in an area where few teachers have adequate preparation. The guide contains comparative reviews of the works of 136 authors and of seven works without known authors. The works represent various genres from classical to modern times and are drawn from Asia and Africa as well as from South America and Europe. Each review provides information about the author, a short summary of the work itself, a discussion of other works by the author, and a comparison of the work with similar works. Lists of literature anthologies and of works of literary history and criticism are appended.
