Preaching Ronald Allen, 2002 Preaching it sounds like such a easy thing to do All you have to do is step into the pulpit and talk for 20 minutes right Anyone who's ever stepped into that pulpit knows that preaching is anything but easy Speaking a word from God that is grounded in the biblical witness theologically responsible and true to contemporary experience is one of the most difficult things one can do Advice on how to do this is as old as preaching itself and there are as many opinions on preaching as there are preachers Where do those who have been called to the ministry of proclamation begin What are the basic understandings and practices that anyone who proposes to preach should know In this new addition to the *Essential Guides* series Ronald Allen seeks to answer these basic questions about preaching He does so through the use of an inductive method which is simply to say that he starts with a sermon itself and uses that sermon to illustrate the process of moving from the first thoughts about what one will preach to the delivery of an actual sermon itself Each chapter will raise a question about the sample sermon that leads into a broader discussion of the practical and theoretical issues that

this particular aspect of the sermon raises e g What is the good news in this sermon What is the significance of this news for the congregation Does the preacher offer a clear and sensible interpretation of the biblical text or the topic Written with the needs of students in both traditional M Div classes and non degree ministry training programs in mind Preaching An Essential Guide will be an indispensable companion for all the others who seek to rightly explain the word of truth Ronald J Allen is Professor of Homiletics at Christian Theological Seminary Indianapolis Indiana A Handbook for Catholic Preaching Edward Foley, 2016-11-02 While admitting particular parameters and priorities for Roman Catholic preachers this volume was intentionally envisioned as a handbook for catholic preaching in the broadest and most universal sense of that term Cosponsored by the Catholic Academy of Liturgy the Catholic Association of Teachers of Homiletics and the Federation of Diocesan Liturgical Commissions it covers the role of the Scriptures in preaching the challenges of preaching in a digital age sermonizing in an interfaith context and the need for a liberative and prophetic word that cuts across denominations and even faith traditions Intended to aid those who teach or direct the preaching arts the design and writing style of this book are particularly calibrated to graduate students in ministerial studies Every article is a self contained overview of a particular historical period genre of preaching homiletic theory or contemporary issue This more encyclopedic approach devoid of footnotes yet supported by pertinent bibliography and an extensive index provides a sufficiently rich yet thoroughly accessible gateway to major facets of the preaching arts at this stage of the twenty first century General Editor Edward Foley Associate Editors Catherine Vincie Richard N Fragomeni Contributors Herbert Anderson John F Baldovin Alden Lee Bass Dianne Bergant Stephen Bevans Robert Bireley John Carr Anthony Collamati Michael E Connors Gueric DeBona Frank DeSiano William T Ditewig Con Foley Edward Foley Richard N Fragomeni Ann M Garrido Gregory Heille Lucy Lind Hogan Patrick R Lagges David J Lose Barbara K Lundblad Ricky Manalo Robert F Morneau Carolyn Muessig vanThanh Nguyen Mary Margaret Pazdan Patricia Parachini Jorge Presmanes Craig Alan Satterlee Catherine Vincie Richard Vosko James A Wallace Margaret Moers Wenig Alex Zenthoefer **An American Muslim Guide to the Art and Life of Preaching** Sohaib Sultan, 2023-03-07 An American Muslim Guide to the Art and Life of Preaching explores the art and craft of creating effective Islamic sermons and delivering them with care passion and integrity The life of the preacher is also addressed and a model of spiritual formation is provided for those serving Muslim communities of faith in positions of religious leadership Sultan s vision and approach to preaching is holistic This book is as much about the knowledge and care placed behind a sermon as it is about the tone tenor and shape of that sermon It is as much about the character of the person delivering these words as it is about the nature and shape of the words themselves It is as much about tending to the people of faith that fill the worship space as it is about the aesthetics and arrangement of that same space This means that this book on preaching is not meant for preachers alone It was written for us all whether we are called to address and care for a congregation or we are one of the many called to be part of one While the book is clearly written for Muslim preachers and Islamic preaching

many of the insights in the book could easily apply to preaching in Christian or other settings. Reflecting on a theology of the spoken word in the Islamic tradition, Martin Nguyen remarks that the sermon in and of itself is not automatically worthy of praise. Rather, its value for the life of faith is measured by its message, its mode of delivery, and the model of living that accompanies it. An appendix to the book includes a collection of du's or supplicatory prayers that were composed and delivered by women from the Princeton Muslim Life Community.
