Death Rituals among the Karanga of Zimbabwe John Chitakure, 2021-10-04 One of the inescapable truths that humanity has to grapple with is the reality of death The manner in which we die or the cause of our death may differ but death remains inevitable We may be afraid of it or not we may try to evade it or not but death still comes Although most religions promise the possibility of another life in the hereafter there is no scientifically verifiable evidence about the reality of that life Despite that lack of evidence every culture performs death rituals meticulously to prepare the spirits of its deceased for whatever form of life that may be available Death Rituals among the Karanga of Zimbabwe Praxis Significance and Changes explores

the causes of sickness and death and the praxis of pre burial burial and post burial rituals of the Karanga of Zimbabwe in an attempt to unearth their original form and significance to identify the changes that have taken place It also provides a brief manual for the performance of some selected Karanga death rituals Hearings United States.
