Claim:
There are different aquatic systems with diverse organisms.

Evidence	Reasoning/Justification
Aquatic ecosystems have abiotic - temp, light, salinity, depth	Different organisms can tolerate different factors
Some organisms prefer fresh water vs. saltwater. Bull sharks + manatees tolerate both	Bull sharks and manatees are very different, but tolerate same conditions
Depth reduces light and increases pressure. Organisms deal with this differently.	Many types of adaptations exist to survive in these conditions
The geography of an aquatic environment can determine the life forms present.	Continental shelf gets lots of light, so there's many living things. Not so in the abyss.
Photosynthesis takes place in the neritic zone.	It is the most productive area of the ocean. Plankton are base of food chain.
Metabolism is affected by temp. Many species are cold-blooded.	Organisms can migrate or must have adaptations to survive.

Better Learning Through Structured Teaching: A Framework for the Gradual Release of Responsibility Doug

Fisher, Nancy Frey, 2010-09-10 Better Learning Through Structured Teaching describes how teachers can help students develop stronger learning skills by ensuring that instruction moves from modeling and guided practice situations where the teacher has most of the responsibility to collaborative learning and finally to independent tasks You ll find out how to use the four components of this approach to help meet critical challenges including differentiating instruction and making effective use of class time 1 Focus Lessons Establishing the lesson s purpose and then modeling your own thinking for students 2 Guided Instruction Working with small groups of students who have similar results on performance assessments 3 Collaborative Learning Enabling students to discuss and negotiate with one another to create independent work not simply one project 4 Independent Tasks Requiring students to use their previous knowledge to create new and authentic products The authors explore each component using student dialogues and examples from a variety of disciplines and grade levels They provide tips and tools for successfully implementing this instructional approach in your own classroom including checklists for classroom setup and routines critical questions real world lesson plans and more No matter what grade level you teach Better Learning Through Structured Teaching is your essential guide to helping students develop and expand their capacity for authentic and long lasting learning **The Rowman & Littlefield Guide to Learning Center**

Administration Daniel R. Sanford, Michelle Steiner, 2021-08-15 The Rowman Littlefield Guide to Learning Center

Administration is a comprehensive guide to everything that both new and experienced learning center professionals need to know in order to deliver impactful effective services for the campuses they serve articulate the value of the programs they oversee and provide peer tutors with the conditions for success The companion to the popular Rowman Littlefield Guide for Peer Tutors The Rowman Littlefield Guide to Learning Center Administration provides a thorough and readable overview of both theoretical considerations the historical context of learning centers in higher education an articulation of the principles that underlie peer tutoring programs and a cataloging of the various extant forms of peer led learning and organizational concerns building a suite of programming hiring and training student employees program assessment campus outreach marketing reporting in the administration of peer tutoring programs in higher education The Rowman Littlefield Guide to Learning Center Administration presents a structured approach that is firmly grounded in empirical findings from across the literature of teaching learning and student success and it articulates a set of best practices that can be used as a guide in evaluation and assessment for learning centers **A Practical Guide for Teachers of Students with an Autism**
