psychological regeneration between 1880 and 1915 As Raleigh s greatest textile venture Caraleigh itself was founded by a group of cotton investors The origins of Raleigh s north south divide can be seen in the many economic psychological social and political perils While the Downtown South project promises a bright future for Raleigh in 2022 a close examination of the city s economic and social stratification in the past reveals the city s inequality resulting in an affluent north Raleigh and a pauperized south Raleigh ghetto This work illuminates previously unrecognized aspects of Raleigh s history such as how an outskirts neighborhood shaped the city s development during the twentieth century **Highways and Agricultural**
