**Launching Your Kids for Life** Bob Reccord, Cheryl Reccord, 2005-03-20 Ask any parent what they want most for their child and most likely you ll hear the same answer again and again to see their children grow up into happy healthy adults whose lives count for something But ask those same parents what they re doing to equip their children for such a life and you ll get embarrassed silence Finally parents can find help for this crucial task in a book that is encouraging easy to grasp and filled with great practical suggestions In *Launching Your Kids for Life* Bob and Cheryl Reccord liken the job of equipping

your children for success in life to the procedure that NASA undertakes to prepare for a shuttle launch The Records along with their friends Dr Tommy Holloway past director of the NASA Space Program and three time shuttle astronaut David Leetsma point out that just as the shuttle must break through the Earth's gravitational force into space so too must children break free into adulthood But our children can't do it on their own They need our help They need us to equip them to prepare them to help them discover their life's mission and to celebrate the milestones along the way If we learn how to do this then we can be sure that they can fly anywhere their wings will take them
