Reading, Writing, and Gender Gail Lynn Goldberg, Barbara Roswell, 2013-09-13 Like an increasing number of educators, you recognize that girls and boys approach reading and writing differently, and that boys are lagging behind girls in many assessments of literacy learning. This book does more than describe and explain these differences. It builds on the authors' state-of-the-art research to offer instructional strategies and classroom activities to help both girls and boys develop as readers and writers. This book is for classroom teachers in grades 3-8, as well as for reading specialists, instructional leaders, and other educators. It provides detailed descriptions of instructional activities accompanied by reproducible tools and materials, illustrative examples of student work, concise summaries of state-of-the-art research, and ideas for action research projects. The strategies and activities in this book have all been classroom tested with diverse student populations.

Genre-Based Strategies to Promote Critical Literacy in Grades 4-8 Danielle E. Hartsfield, Sue C. Kimmel, 2019-10-21 Draws on critical and radical change theory to equip both aspiring and practicing library and teacher candidates with practical, research-based ideas for enacting critical literacy practices in middle grade libraries and classrooms. *Genre-Based Strategies to Promote Critical Literacy in Grades 4-8* provides strategies and lesson plans with additional resources and tools for school librarians and teachers to engage middle grade students in reading children's literature through a critical literacy lens. To be critically literate readers and thinkers, students must learn to question what they read, asking themselves who wrote the text, why the text was written, and how the text positions its readers and others. Teaching students how to read from a critical literacy stance is a timely and relevant practice in a world in which text is available instantly and on nearly any mobile device. In many cases, preparation programs for school librarians and teachers do not teach candidates how to incorporate critical literacy practices in library and classroom settings. This book provides both pre-service and in-service school librarians and teachers with that professional development and guidance for teaching critical literacy in children's literature courses.
