Notes On Education:

Notes on Education Howie Soucek, 2008-09-09 If we speak with the best teachers in America with any employer interested in the trainability and work performance of new employees or with parents who are concerned about how well their children are being prepared for the challenges of the future we will notice a common thread wending its way through each dialogue Our schools are failing to educate our children as well as is needed Notes on Education goes to the front lines in our schools to examine some of the key elements that are contributing to a continuing stagnation if not decline in the quality of K 12 education in the United States over the last few decades Numerous specific potential solutions are suggested by the author not as a one size fits all program but purely as a starting place for serious discussions within the community that will lead to constructive actions that benefit our children and their future As huge government programs and remote experts have failed to provide meaningful help this author calls for an educational barn raising at the community level as the only hope remaining for a return to quality education in our nation Rather than its usual role as an empty slogan the phrase It takes a village to raise a child takes on new meaning in this important book with responsibility for improvement in education coming home to roost on our individual shoulders

Brian Simon and the Struggle for Education Gary McCulloch, Antonio Fco Canales, Hsiao-Yuh Ku, 2023-09-21 This is the first full length study of the life and career of Brian Simon 1915 2002 leading Marxist intellectual and historian of education in twentieth century Britain Using documentary sources that have only recently become publicly available it reveals the remarkably broad range of Simon s life as student soldier and school teacher Communist Party activist and educational academic campaigner and reformer In a sympathetic biography that yet retains critical distance the authors analyse Simon s contribution to Marxism and the CP explore the influence of both on his work as a historian of education and trace the significance of his Marxist beliefs political associations and historical approach to the cause of educational reform In so doing they consider the full nature and limitations of Simon s achievements in his struggle for education Unlike many Marxist scholars he remained loyal to the CP in the 1950s which damaged his reputation as a public

intellectual Nevertheless his support for comprehensive education helped to promote egalitarian educational reforms in Britain although he was later unable to provide sufficient resistance to the 1988 Education Reform Act and to a decline in the position of the comprehensive schools In all this the significance of Simon s family and especially his relationship with his wife Joan is to the fore Joan and Brian forged a formidable 60 year partnership in politics and the CP as well as in life that lasted until Brian s death in January 2002 **Educational Times** ,1891 *The Weekly Notes* ,1872 The Educational Times and Education Outlook ,1924 **Bulletin** ,1915 **Pitman's Journal of Commercial Education** ,1892 *New England Journal of Education* Thomas Williams Bicknell,Albert Edward Winship,Anson Wood Belding,1877 **State Education Indicators with a Focus on Title I** , **Catalogue of the educational division of the South Kensington museum** Victoria and Albert museum,1876 **American Physical Education Review** ,1925 Includes abstracts of magazine articles and Book reviews *Educational Times and Journal of the College of Preceptors* ,1912 **Education** ,1911 **Publications of the Dept. of State** United States.
