Efficient eReporting with SAP EC® Andreas H. Schuler,Andreas Pfeifer,2013-11-11 The successful implementation of the world s largest SAP EC CS project to date based on the number of peripheral users gave us the opportunity to present our many years of experience in corporate reporting and data processing support to a much broader public We view this

exchange of information as a matter of vital importance given the challenges that management reporting and external reporting are facing in the wake of globalization. This book illustrates the rationale behind current trends towards integrated reporting practices and offers a practical guide for preparing to meet the challenges associated with these trends. Particular emphasis is placed on SAP EC as a foundation for the implementation of an efficient reporting system. While working on this book, we have benefited both from our own extensive project experience and the friendly support of the Accenture corporation. We wish in particular to thank the members of the Accenture ESPRIT team for their commitment to the book's realization. We also wish to express our deep appreciation to Hermann Giehl, staff department director of finance at Siemens AG, and Stefan Karl, director of consolidation development at SAP AG. Aided by a wealth of practical experience, these two individuals have made a major contribution to the successful drafting of this book.

Practical Guide to SAP S/4HANA Controlling Nora Voigt, 2022-10-06. With SAP Fiori, SAP S/4HANA offers a modern user interface and a simplified new technical data model. The objectives are faster closing and improved performance for reconciliation activities. Using an example manufacturing company, this book presents the resulting new features for the area of Controlling. In addition to the process-related view of the workflows within the company, the book takes a practical look at the SAP Fiori apps in Controlling. You quickly get an overview of the most important innovations, changed customizing settings, and current developments in all subcomponents in SAP S/4HANA Controlling. Readers who do not have much experience with HANA yet can first familiarize themselves with the new SAP Fiori interface before turning to the new simplified data structures of S/4HANA in Financials and Controlling, as well as the changes to master data and processes. You then follow the example company SPEED GmbH through central structures and processes in Product Cost Controlling. The author also looks at the integration of processes, allocations in SAP Controlling, current developments in Profitability Analysis, and planning and reporting with SAP S/4HANA. New features in Controlling with SAP S/4HANA. Overview of the functions of all subcomponents. Effects of S/4HANA on your business processes. Practical explanations using a continuous example.
