Rescue Me Episode Guide Wiki:

That's Racist! Adrian Hart, 2014-12-09 Twenty first century British kids are more comfortable with ethnic diversity than ever before The mixed race population is rising exponentially In school playgrounds across Britain kids are inventing a version of colour blind multi ethnic interaction that should teach the adult world a thing or two not least about the amazing superdiverse generation that is to come And yet for over a decade playgrounds and classrooms have endured unprecedented interference in the form of official racist incident reporting training on the importance of racial etiquette and the reinforcement of racial identities Such interference is viewed by modern day anti racists as a necessary bulwark against the creeping influence of the far right Islamophobia and more generally the supposed covert racism of the wider population Many official policy documents written under the influence of this approach insist a failure to tackle racist behaviour at the earliest age will allow racism to incubate and grow Here racism is something defined by the notion of what constitutes hate speech or wounding words Often it can be detected from an entirely innocent phrase so long as the phrase is perceived by the offence taker or another party or policy as racist This mindset has in recent years permeated public discourse on the subject Evidence of racism such as a gaffe by a politician or celebrity or a footballer s on pitch insult is always the tip of iceberg the moment that racist society breaks the surface and is revealed to all The idea of a hidden mass of racists in our midst explains the advent of a racism watch approach that turns up the attenuator and trawls the nooks and crannies of everyday life for tell tale signs Moreover PC anti racism synthesises many of today s worst cultural trends the erosion of free speech and of adult moral authority the elevation of victimhood and of identity politics particularly the reinstatement of racial identity the misanthropic view of rotten vulnerable humanity where the state becomes purifier the cult of child protection and the emergence of a degraded and vulgar conception of child development It is with some irony then that modern day anti racism can be argued as having taken over from old fashioned racism as the dominant racialising force in British society
