INSTRUCTIONS FOR OILING

A sewing machine, like any other piece of fine machinery, needs oiling to insure smooth running and to prevent the wearing of parts. Use only the best oil, which you can get from us if your dealer cannot supply you. Poor oil will form a gum, causing the machine to run hard. Avoid oil which looks thick — good oil should be about the consistency of kerosene.

If the machine is in continual use, it should be oiled every day. With moderate use, occasional oiling is sufficient. One drop of oil at each point as shown in illustration is enough.

INTERNAL OILING INSTRUCTIONS

See our instruction booklet for more details about the oiling of the machine.

New Home Sewing Machine Manual Model Ja1506
