The PayPal Wars Eric M. Jackson,2023-07-18 Peter Thiel Elon Musk and the rest of the PayPal Mafia are now household names who ve reshaped technology automobiles space travel and politics But two decades ago they were unsung entrepreneurs attempting to launch a Silicon Valley startup against overwhelming odds That improbable journey started in the shadow of Stanford University when Thiel met Max Levchin a Ukrainian engineer who recently moved to California Years before anyone had heard of Bitcoin the two set out to build an online payment service that could reduce government control over currency by empowering people around the globe But after their startup PayPal survived the dot com crash only to find itself besieged by an unimaginable series of challenges that lofty dream threatened to become a nightmare Former insider Eric M Jackson s telling of PayPal s origins is an eyewitness account to technology history as well as an engrossing story of human struggle and perseverance against overwhelming odds PayPal went from unknown startup to online powerhouse in just three years but for the company s team it was not an easy journey The entrepreneurs that joined together to overhaul world currency markets first had to face one of the greatest series of trials ever thrown at a startup before becoming part of Silicon Valley lore Jackson s lively blow by blow account of PayPal s death defying beginnings and ferocious battles offers a detailed perspective that only an eyewitness could provide Read The PayPal Wars and you ll learn how Elon Musk joined with Peter Thiel and how the two future titans would soon square off to control the company Organized crime attempted to ransack PayPal but the company fought back Government bureaucrats and regulators ferociously tried to shut down the upstart payments service Turmoil pushed PayPal to the brink of insolvency before Thiel and his team turned the business around Our clashes with the credit card associations the banking lobby state regulators foreign Mafioso and litigation happy lawyers significantly increased as the company s profile grew writes Jackson adding that the initial public offering that was meant to strengthen PayPal with an infusion of cash ironically attracted a rogue s gallery of foes instead The modern business

environment Jackson concludes turned out to be more hostile than even our fiercest competitor This somber warning that regulators lawyers and lobbyists threaten to undermine American entrepreneurship makes The PayPal Wars a timely read for every concerned citizen

Free Speech and Koch Money Ralph Wilson, Isaac Kamola, 2021-11-20 In recent years hundreds of high profile free speech incidents have rocked US college campuses Jordan Peterson Ben Shapiro Ann Coulter and other right wing speakers have faced considerable protest with many being disinvited from speaking These incidents are widely circulated as examples of the academy's intolerance towards conservative views But this response is not the spontaneous outrage of the liberal colleges There is a darker element manufacturing the crisis funded by political operatives and designed to achieve specific political outcomes If you follow the money at the heart of the issue lies the infamous and ultra libertarian Koch donor network Grooming extremist celebrities funding media platforms that promote these controversies developing legal organizations to sue universities and corrupting legislators the influence of the Koch network runs deep We need to abandon the campus free speech narrative and instead follow the money if we ever want to root out this dangerous network from our universities

The Scandalous Presidency of Barack Obama Matt Margolis, 2018-04-03 I'm proud of the fact that we're probably the first administration in modern history that hasn't had a major scandal in the White House So President Barack Obama boldly declared before leaving office and numerous times since But is it true Not according to Matt Margolis bestselling co author of The Worst President in History The Legacy of Barack Obama Margolis lays out the details of literally dozens of Obama administration scandals that have been ignored downplayed or covered up by the mainstream media From Fast and Furious to the illegal IRS targeting of conservative groups to the recent NSA spying outrage Margolis makes a powerful case that the Obama years represented nearly a decade

of lawless and abusive governance While Obama and his allies attempt to spin the narrative that his presidency represented a time of pristine politics it s critically important that Americans understand the truth Barack Obama brought to Washington corrupt Chicago machine politics of cronyism and corporate payoffs combined with audacious Alinskyite tactics aimed at dividing Americans and destroying his opponents Obama s legacy will be discussed and debated for decades But in the early months after he left office more scandals have been uncovered most notably an illegal scheme of using the NSA to spy on his political opponents and the frightening decision to block the prosecution of Iranian backed terrorists Far from being a virtuous New Camelot the Obama administration abused its power like few others **South Park Conservatives** Brian C. Anderson,2005-03-01 According to author and political journalist Anderson for the better part of 30 years liberal bias has dominated mainstream media Now he reveals that the era of liberal dominance is going the way of the dodo bird
