*Fight the Power* Clarence Taylor,2021-04-01 A story of resistance power and politics as

revealed through New York City's complex history of police brutality. The 2014 killing of Michael Brown in Ferguson, Missouri, was the catalyst for a national conversation about race, policing, and injustice. The subsequent killings of other black, often unarmed, citizens led to a surge of media coverage which in turn led to protests and clashes between the police and local residents that were reminiscent of the unrest of the 1960s. *Fight the Power* examines the explosive history of police brutality in New York City and the black community's long struggle to resist it. Taylor brings this story to life by exploring the institutions and the people that waged campaigns to end the mistreatment of people of color at the hands of the police, including the black church, the black press, black communists, and civil rights activists. Ranging from the 1940s to the mayoralty of Bill de Blasio, Taylor describes the significant strides made in curbing police power in New York City, describing the grassroots street campaigns as well as the accomplishments achieved in the political arena and in the city's courtrooms. Taylor challenges the belief that police reform is born out of improved relations between communities and the authorities, arguing that the only real solution is radically reducing the police domination of New York's black citizens.

In Lower Manhattan, on a field in Pennsylvania, and along the banks of the Potomac, the United States suffered the single largest loss of life from an enemy attack on its soil. In November 2002, the United States Congress and President George W. Bush established by law the National Commission on Terrorist Attacks Upon the United States, also known as the 9/11 Commission. This independent bipartisan panel was directed to examine the facts and circumstances surrounding the September 11 attacks, identify lessons learned, and provide recommendations to safeguard against future acts of terrorism. This volume is the authorized edition of the Commission's final report.

*Policing and Minority Communities* James F. Albrecht, Garth den Heyer, Perry Stanislas, 2019-07-31. This insightful book examines the allegations against the professionalism, transparency, and integrity of law enforcement toward minority groups from a global perspective. It addresses the challenges inherent in maintaining strong ties with members of the community and draws attention to obstacles in ensuring public confidence and trust in rule-of-law institutions. Most importantly, the book provides insight into mechanisms and proposals for policy reform that would permit enhanced police-community partnership, collaboration, and mutual respect. Acknowledging the consistency of this concern despite geographic location, ethnic diversity, and religious tolerance, this book considers controversial factors that have caused many groups and individuals to question their relationship with law enforcement.
