Obama Nation English Edition:

The Obama Nation Jerome R. Corsi, 2008-08-05 In this thoroughly researched and documented book the 1 New York Times bestselling co author of Unfit for Command Swift Boat Veterans Speak Out Against John Kerry explains why the extreme leftism of an Obama presidency would leave the United States weakened diminished and divided why Obama must be defeated and how he can be Barack Obama stepped onto the national political stage when the then Illinois State senator addressed the 2004 Democratic National Convention Soon after Obama was elected to the U S Senate author Jerome Corsi began researching Obama s personal and political background Scrupulously sourced with more than 600 footnotes The Obama Nation is the result of that research By tracing Obama s career and influences from his early years in Hawaii and Indonesia the beginnings of his political career in Chicago his voting record in the Illinois legislature his religious training and his adoption of Christianity through to his recent involvement in Kenyan politics his political advisors and fundraising associates and his meteoric campaign for president Jerome Corsi shows that an Obama presidency would in his words be a repeat of the failed extremist politics that have characterized and plagued Democratic Party politics since the late 1960s In this stunning and comprehensive new book the reader will learn about Obama s extensive connections with Islam and radical politics from his father and step father s Islamic backgrounds to his Communist and socialist mentors in Hawaii and Chicago to his long term and close associations with former Weather Underground heroes William Ayers and Bernadette Dohrn associations much closer than heretofore revealed by the press Barack and Michelle s 20 year long religious affiliation with the black liberation theology of former Trinity United Church of Christ Reverend Jeremiah Wright whose sermons have always been steeped in a rage first expressed by Franz Fanon Stokely Carmichael and Malcolm X a rage that Corsi shows has deep meaning for Obama Obama s continuing connections with Kenya the homeland of his father through his support for the candidacy of Raila Odinga the radical socialist presidential contender who came to power amid Islamist violence and church burnings Obama s involvement in the slum landlord empire of the Chicago political fixer Tony Rezko who helped to bankroll Obama s initial campaigns and to purchase of Barack and Michelle s dream home property The background and techniques of the Obama campaign s cult of personality including the derivation of the words hope and change Obama s far left domestic policy his controversial votes on abortion his history of opposition to the Second Amendment his determination to raise capital gains taxes his impractical plan to achieve universal health care and his radical plan to tax Americans to fund a global poverty reduction program Obama s na ve anti war anti nuclear foreign policy predicated on the reduction of the military the eradication of nuclear weapons and an overconfidence in the power of his personality as if belief in change alone could somehow transform international politics achieve nuclear weapons disarmament and withdrawal from Iraq without adverse consequences for us for the Iraqis or for Israel Meticulously researched and documented The Obama Nation is the definitive source for information on why and how Barack Obama must be defeated not by invective and general attacks but by detailed

The Abominations of the Obama-Nation Betty Sue

Prollock,2014-05 Some people use the poor minorities and special interest groups as an excuse to take away rights from others who tend to be wealthy white or Christian or all of the above Betty Sue Prollock a Christian and an American patriot seeks to wake people up from their slumber and shine a spotlight on the truth We re moving from a constitutional government founded on individual freedom to one that resembles an Islamic state President Barack Hussein Obama Jr and his followers who are using the government to oppress non victims in an effort to promote equality must accept much of the blame These power hungry individuals will stop at nothing to advance their own agenda and take away the rights of the majority Prollock argues that people in power are influencing and seducing the needy struggling with life s challenges She makes a convincing case that if the public doesn t act soon our God given rights will be replaced by government given rights and the Abominations of the Obama Nation

Urban Policy in the Time of Obama James DeFilippis,2016-11-08 With his background as a community

organizer and as a state legislator representing Chicago s South Side Barack Obama became America s most urban president since Teddy Roosevelt But what has been his record in dealing with the issues most impacting our metropolitan areas today Looking past the current administration what are the future prospects of the nation s cities and how have they been shaped by our policies in this century Seeking to answer these questions the contributors to Urban Policy in the Time of Obama explore a broad range of policy arenas that shape both directly and indirectly metropolitan areas and urbanization processes This volume reveals the Obama administration s surprisingly limited impact on cities through direct policy initiatives such as Strong Cities Strong Communities Promise Neighborhoods and Choice Neighborhood Initiatives There has been greater impact with broader policies that shape urban life and governance including immigration reform education and health care Closing with Cedric Johnson s afterword illuminating the Black Lives Matter movement and what its broader social context says about city governance in our times Urban Policy in the Time of Obama finds that most of the dominant policies and policy regimes of recent years have fallen short of easing the ills of America s cities and calls for a more equitable and just urban policy regime Contributors Rachel G Bratt Tufts University Christine Thurlow Brenner University of Massachusetts

Obama's America Ian Reifowitz, 2012-07-01 Our national identity is defined by what it means to be an American and whom we include and why when we talk about the American people A country's national identity is fluid and Ian Reifowitz argues that President Barack Obama by emphasizing the ideals Americans hold dear hopes to redefine ours in a fundamental way Obama's conception of America emphasizes two principles of national unity First all Americans regardless of their heritage and cultural traditions should identify with America as their country based upon shared democratic values a shared history and a shared fate Second America should embrace all its citizens as active participants in one family Reifowitz explores Obama's belief that strengthening our common bonds will encourage Americans to rectify the injustices and heal the racial divisions that still plague our country We have the opportunity to demonstrate to the world that a society of many races and cultures can truly become one people In facing terrorism violent fundamentalism and other security issues Obama's response centers on a powerful inspiring and truly inclusive American narrative By bolstering America's identity as diverse yet unified he aims both to counter the anxieties and fears that radicalism stokes and give proponents of religious and political freedom a model they can defend The stakes couldn't be any higher in determining America's future

American Grand Strategy from Obama to Trump Zeno Leoni,2021-03-01 This book maintains that the theory of imperialism should incorporate the concept of an operational code of political elites to account for agencies actions This concept would explain the strategic continuity and tactical change in US grand strategy from Obama to Trump While both presidents pursued a strategy of off shore balancing their competing worldviews led to tangible differences in the way they sought to restore American power after Bush and to contain the rise of China This book offers an important contribution after the departure of Bush concluded the 21st century debate on imperialism at a time when an increasingly post American world order has undermined the end of the state thesis Indeed over the last twelve years US grand strategy has emphasized inter state competition rather than the annihilation of rogue regimes These events require renewed efforts for the theory of imperialism to contribute to Globalisation Theory at this crucial historical junction

Barack Obama's Post-American Foreign Policy Robert Singh,2012-06-07 This book is available as open access through the Bloomsbury Open Access programme and is

available on www.bloomsburycollections.com After one of the most controversial and divisive periods in the history of American foreign policy under President George W Bush the Obama administration was expected to make changes for the better in US relations with the wider world Now international problems confronting Obama appear more intractable and there seems to be a marked continuity in policies between Obama and his predecessor Robert Singh argues that Obama's approach of strategic engagement was appropriate for a new era of constrained internationalism but it has yielded modest results Obama's search for the pragmatic middle has cost him political support at home and abroad whilst failing to make decisive gains Singh suggests by calibrating his foreign policies to the emergence of a post American world the president has yet to preside over a renaissance of US global leadership Ironically Obama's policies have instead hastened the arrival of a post American world
