

The background of the book cover is a photograph of a mountain landscape. In the foreground, a river flows over dark, jagged rocks. The middle ground shows a dense forest of evergreen trees. In the upper right, a small wooden cabin with a glowing yellow light inside is visible, partially obscured by the trees. The sky is a mix of blue and white, suggesting a bright, hazy day.

Maisel, 2010 It s true a mind is a terrible thing to waste Yet that s what we do when we spend our weekend and neurons reliving a workplace squabble spend a family visit chewing over childhood issues or spend hours beating ourselves up when someone brings one of our own long held but never worked on ideas to fruition This kind of obsessing gets us like a hamster on a wheel nowhere But as noted creativity expert Eric Maisel asserts obsessing productively leads to fulfillment rather than frustration A productive obsession whether an idea for a novel a business or a vaccine is chosen deliberately and pursued

with determination In this provocative practical guide Maisel coaches you to use the tendency to obsess to your creative advantage fulfilling both your promise and your promises to yourself **Pursued by Furies** Gordon Bowker,2015-03-12 Malcolm Lowry was the troubled author of *Under the Volcano* 1947 a brilliant novel about the last day of an alcoholic former British consul on the Mexican Day of the Dead the manuscript of which Lowry rescued from the flames when his fisherman s shack burned down in 1944 Lowry s other books were not always so lucky his first novel *Ultramarine* 1930 was stolen after four years composition and resurrected from a carbon copy another manuscript *In Ballast to the White Sea* was destroyed in the 1944 fire An early draft of *In Ballast* was discovered this century and published in 2014 Lowry s life like his work was often lost to chaos Gordon Bowker s 1994 biography is a masterful account of a life spent adrift *Language, Society, and the State* Gareth Price,2019-06-17 Using Taiwan as a case study this book constructs an innovative theory of a political sociology of language Through documentary and ethnographic data and a comparative historical method the book illustrates how language mediates interactions between society and the state and becomes politicized as a result how language politics and power are intertwined processes and how these processes are not isolated in institutions but socially embedded

London and the Culture of Homosexuality, 1885-1914 Matt Cook, 2003 London and the Culture of Homosexuality explores the relationship between London and male homosexuality from the criminalisation of all acts of gross indecency between men in 1885 to the outbreak of the First World War in 1914, years marked by an intensification in concern about male-male relationships and also by the emergence of an embryonic homosexual rights movement. Taking his cue from literary and lesbian and gay scholars, urban historians and cultural geographers, Matt Cook combines discussion of London's homosexual subculture and various major and minor scandals with a detailed examination of representations in the press, in science and in literature. The conjunction of approaches used in this study provides fresh insights into the development of ideas about the modern homosexual and into the many different ways of comprehending and taking part in London's culture of homosexuality.

Argentina Noir Cynthia Schmidt-Cruz, 2019-02-14 Argentina Noir offers a guide to Argentine crime fiction with a focus on works published since the year 2000. It argues that the novela negra or crime novel has become the favored genre for many writers to address the social malaise brought about by changes linked to globalization and market-driven economic policies. Cynthia Schmidt-Cruz presents close readings and original interpretations of eleven novels all set in or around Buenos Aires and explores the ways these texts adapt major motifs, figures and literary techniques in Hispanic crime fiction in order to give voice to wide-ranging social critiques. Schmidt-Cruz addresses such topics as organized crime and institutional complicity, corruption during the presidency of Carlos Menem (1989-1999), terrorist attacks on Jewish institutions in Buenos Aires and the mysterious death of Alberto Nisman, and the winners and the losers of neoliberal structural changes. With a solid underpinning in sociological studies and criticism of the genre and its historical context, Argentina Noir reveals how these novels are renovating the genre to engage pressing issues confronting not only Argentina but also countries throughout Latin America and around the globe.

Fictions of Loss in the Victorian Fin de Siècle Stephen Arata, 1996-08-29 It has been widely recognised that British culture in the 1880s and 1890s was marked by a sense of irretrievable decline. Fictions of Loss in the Victorian Fin de Siècle explores the ways in which that perception of loss was cast into narrative into archetypal stories which sought to account for the culture's troubles and perhaps assuage its anxieties. Stephen Arata pays close attention to fin de siècle representation of three forms of decline: national, biological and aesthetic, and reveals how late Victorian degeneration theory was used to explain such decline. By examining a wide range of writers from Kipling to Wilde, from Symonds to Conan Doyle and Stoker, Arata shows how the nation's twin obsessions with decadence and imperialism became intertwined in the thought of the period. His account offers new insights for students and scholars of the fin de siècle.

Arab Women Novelists Joseph T. Zeidan, 1995-03-16 This book assesses the contribution of women to the Arabic novel both in subject matter and form It begins by tracing the struggle over women's rights in the Arab world particularly the gradual improvement in women's access to education the first area in which women made significant gains Subsequent chapters discuss Arab women writers remarkable talents and determination to overcome the barriers of a male dominated culture survey the 1950s and 1960s during which women's writing gained momentum and more women writers emerged and address the shift in emphasis and attitude that women's literature underwent in the late 1960s especially following the 1967 Arab Israeli war when women novelists began to place more stress on international politics Zeidan adapts Western based feminist literary theory to a discussion of Arab women's literature but refrains from imposing that theory inappropriately on literature whose context differs significantly He compares the women's movements in Arab and Western cultures and the development of women's literature in those cultures and uses these comparisons to highlight similarities and differences between them as well as to consider how one affected the other His analysis culminates in the early 1980s the end of the formative years when women's writing had become a familiar part of Arabic literature in general and a positive reflection on the collective Arab consciousness
