Journal Article Writing and Publication Sharon A. Gutman, 2024-06-01 The ability to demonstrate that a specific health care profession provides valuable and effective services that meet society s health needs is a major objective for all health care academicians and researchers Such skills are critical to ensure service reimbursement from an increasingly small pool of health care dollars Demonstrating clinical effectiveness depends on the reporting of written research results through journal publication so that the health care community and larger society will be able to access and read evidence supporting health care services Today several clinical reporting standard guidelines have been created by researchers to enhance the ability of readers to evaluate the quality and value of studies Journal Article Writing and Publication is the first text to compile those clinical research reporting standards in one source and helps educators and novice researchers to better understand the skills needed for journal publication Health care researchers must begin using these reporting standards in order to write manuscripts that are both correctly formatted and transparently convey all

critical study strengths and limitations Educators must teach these reporting standards to students who must evaluate research reports as consumers and possible future contributors to the literature through their own writing Journal Article Writing and Publication by Dr Sharon A Gutman a former editor of the American Journal of Occupational Therapy provides specific guidelines based on the most commonly accepted reporting standards for the preparation and writing of general research studies intervention effectiveness studies instrument development and testing studies and case reports A section is devoted to helping authors understand the rules governing the reporting of statistical data in text and tables Separate sections help authors understand the manuscript preparation and submission process the revision process and the etiquette guiding communication with editors and reviewers Guidelines for the preparation of scholarly discussion papers and editorials are also provided Journal Article Writing and Publication also features a section that aims to help doctoral students and newly minted faculty turn academic work and dissertations into publishable journal articles Suggestions are provided to help clinicians turn clinical data into research databases that could serve as the foundation for pilot studies Finally information is provided to help authors better understand the ethical considerations of publication including plagiarism dual submissions inappropriate authorship copyright and conflict of interest Complete Book of Graduate Programs in the Arts and Sciences Princeton Review (Firm),2004-09 Our Best 357 Colleges is the best selling college guide on the market because it is the voice of the students Now we let graduate students speak for themselves too in these brand new guides for selecting the ideal business law medical or arts and humanities graduate school It includes detailed profiles rankings based on student surveys like those made popular by our Best 357 Colleges guide as well as student quotes about classes professors the social scene and more Plus we cover the ins and outs of admissions and financial aid Each guide also includes an index of all schools with the most pertinent facts such as contact information And we've topped it all off with our school says section where participating schools can talk back by providing their own profiles It's a whole new way to find the perfect match in a graduate school **College Admissions Data Sourcebook Northeast Edition Bound 2010-11** ,2010-09 **The American Journal of Occupational Therapy** ,1994 **2012-2013 College Admissions Data Sourcebook Northeast Edition** , Introduction to Occupational Therapy- E-Book Jane Clifford O'Brien,2011-11-01 A complete overview of the profession and the practice of occupational therapy Introduction to Occupational Therapy 4th Edition prepares you for the roles responsibilities and relationships of the OT practitioner This edition incorporates the latest revisions of the Occupational Therapy Practice Framework which defines the OT process and areas of concern Discussions also include treatment settings occupational therapy across the lifespan and evaluation intervention and outcomes within the OT process Written by OT expert Jane Clifford O'Brien this edition also keeps you current with emerging topics such as working with culturally diverse patients evidence based practice and new practice areas such as driving and obesity Coverage of different OT practice areas e.g. adult geriatric pediatric and mental health prepares you for the variety of clients you will encounter in
