permits a review of American liberalism with its characteristic emphasis upon individual freedom and basic human equality. Looking across a dazzling range of situations, both familiar and unfamiliar, *Bullshit Comparisons* is a

ground breaking examination of the role of comparison in modern society illuminated by examples spanning from the FIFA World Footballer of the year to wine tasting in London hospital care in Sierra Leone and avocado farming in Colombia Challenging us to think critically about the use of comparison through accessible personal and often amusing research Andrew Brooks reveals the uses and abuses of comparisons in a book that isn't like anything else you have read *The Churchills: In Love and War* Mary S.
