First Step Nonfiction-Parts of Plants LernerClassroom Editors,Robin Nelson,2009-08-01 FIRST STEP NONFICTION PARTS OF PLANTS TEACHING GUIDE *No Surprises!* James V. Reyes-Picknell,2016-04-12 If we are to be good at Asset Management we need to understand what it is and what it is not begin to think of our business more holistically consider our role as contributing to a greater whole and start behaving differently Once we've achieved that Asset Management should be sustained it never stops Putting it in place is not just a project with a beginning and end although it may start that way It is really about putting in place a new corporate culture and continually improving it This book speaks to those changes and how to go about doing it *The Evolution of Senescence in the Tree of Life* Richard P. Shefferson,Owen R. Jones,Roberto Salguero-Gómez,2017-02-23 The existing theories on the evolution of senescence assume that senescence is inevitable in all organisms However recent studies have shown that this is not necessarily true A better understanding of senescence and its underlying mechanisms could have far reaching consequences for conservation and eco evolutionary research This book is the first to offer interdisciplinary perspectives on the evolution of senescence in many species setting the stage for further developments It brings together new insights from a wide range of scientific fields and cutting edge research done on a multitude of different animals including humans plants and microbes giving the reader a complete overview of recent developments and of the controversies currently surrounding the topic Written by specialists from a variety of disciplines this book is a valuable source of information for students and researchers interested in ageing and life history traits and populations
