Beside that, by learning a second language we can also give insight into cultures, that we will be more prepared and confident to travel abroad and explore other people's way of living. While learners acquire an L2 **internally** in a reason that it can improve our memory and brain functions because learning ne language pushes our brain to get familiar with new grammar and vocabulary rules it allows us to train our memory to remember new words, make connections between them, and use them in contextual situations.
