Brief Introduction to the Reformation Glenn S. Sunshine, 2017-02-10 This readable accessible introduction provides a solid grounding in the history of the Protestant Reformation In honor of the 500th anniversary of the Reformation Glenn Sunshine examines the key people and ideas of this movement Questions for discussion and suggestions for further reading provided for each chapter make this book ideal for the classroom or group study Mission Continues Claudia Wahrisch-Oblau, Fidon Mwombeki, 2010-09-01 In May 2009 thirty five theologians from Asia Africa and Europe met in Wuppertal Germany for a consultation on mission theology organized by the United Evangelical Mission Communion of Thirty five Churches in Three Continents The aim was to participate in the 100th anniversary of the Edinburgh conference through a study process and reflect on the challenges for mission in the twenty first century We decided not to invite renowned experts but to have an open invitation through a call for papers so that practicing mission experts not yet well known would have an opportunity to share their expertise We decided not to predetermine a theme or motto for the consultation but to allow various themes on mission to emerge from the papers themselves and thus to allow wide ranging discussions Indeed the papers were varied each drew strong reactions lively and even controversial debates We were able to discover common concerns transcending very different contexts The collection of papers in this book has been taken from the papers delivered at the Wuppertal consultation In some cases short responses by one or two of the consultation participants were added to highlight the discussions that followed The very varied voices collected in this anthology nevertheless have much in common Even where they are most theoretical it is obvious that all contributors come from missionary practice and bring in their contextual experiences *The Berean*, 1826 **Ἡ Καινὴ Διαθήκη.
