A Stubborn Blend in Andy Warhol's *Statue of Liberty*

Andy Warhol created his painting *Statue of Liberty* in 1962 using silkscreen ink and spray paint on linen. Just as the title suggests, the painting's subject is the Statue of Liberty, repeated in a pattern twelve times (not including the right side of the painting where the image repeats four additional times but is cut off). The painting belongs to the Andy Warhol Museum in Pittsburgh, Pennsylvania. As a whole, Warhol's *Statue of Liberty* depicts a grid of several smaller images of Lady Liberty decentered on the canvas, features a fading effect of blue and red spray paint padded by an inordinate amount of white negative space, and represents America's Pop Art movement so closely tied to the artist's name.

To briefly describe Warhol's *Statue of Liberty*, it is perhaps best to begin with the twelve repeating images that appear in a grid form and consist of the full monument of the Statue of Liberty facing out with her left arm bent, holding a tablet (see Fig. 1). Lady Liberty raises her right arm skyward with a torch emerging from her hand, although this light is not completely visible in all twelve images. While the monument appears in the foreground of each of the twelve images, the bay and horizon serve as a backdrop to the statue. The horizon is colored in bluish gray
