poverty illiteracy lack of health facilities insecurity violence corruption indiscriminate armaments environment pollution hunger etc in India and the world nations written in the last two and half years Articles and essays have gone in details about what is happening in India and the globe Exploitation of poor downtrodden and weaker sections of society have been highlighted Important features of the book are indifference of world nations toward burning issues in the respective countries and also issues of concern throughout the globe Compassion peace and nonviolence have become nobodys concern in India and the globe and these issues have been kept on the back burner Notably one thing is very common in the world that is the rich are getting richer and the poor are getting poorer Shamelessly shameful activities have taken the drivers seat Everywhere in all the countries uncertainties prevail it appears that these important issues have little or no priority among elite and political classes ruling the respective nations of the world General people are helpless and ruling elites are indifferent Almost all nations are threatened with the so called terrorism or militant fanaticism which appear to have adopted militancy because of exploitation and hate campaign against them or their brothers and sisters or their nations in the world World nations have made terrorism extremism and militancy into big hoaxes Instead of finding solutions world nations and their political rulers as well as others are blaming each other for these hoaxes Last but not the least the entire world nations and their people are in the grip of uncertainty and serious threat because of man made miseries in destroying the environment Because of unethical and unprincipled pressure on the earth the earth is itself threatened to bear the burden of man made destruction of the nature and natural wealth Thus the earth is under tremendous pressure of sins of the people of the globe

Judicial Dysfunction in Indonesia Simon Butt, 2023-12-05 Indonesia s judicial system has long been described as dysfunctional Many of its problems developed out of decades of authoritarian rule which began in the last few years of the reign of Indonesia s first president Soekarno By the time President Soeharto s regime fell in 1998 the judiciary had virtually collapsed Judicial dependence on government inefficiency and corruption were commonly seen as the main indicators of poor performance resulting in very low levels of public trust in the courts To address these problems reformists focused on improving judicial independence Yet while independence is a basic prerequisite for adequate judicial performance much depends on how this independence is exercised Judicial Dysfunction in Indonesia demonstrates that Indonesian courts have tended to act without accountability and offers detailed analysis of highly controversial decisions by Indonesian courts many of which have been of major political significance both domestically and internationally It sets out in concrete terms for the first time how bribes are negotiated and paid to judges and demonstrates that judges have issued poor decisions and engaged in corruption and other misconduct largely without fear of retribution Further it explores unsafe convictions and public pressure as a threat to judicial independence Judicial Dysfunction in Indonesia shines a sorely needed empirical light on the Indonesian judicial system and is an essential resource for readers scholars and students of Indonesian law and society
