NHI Style Guide (instructor-led Training) ,2004 *NHI Catalog* National Highway Institute (U.S.),2009 **A Guide to American Trade Catalogs, 1744-1900** Lawrence B. Romaine,1990-01-01 Invaluable listing of rare catalogs selling cars beekeeper s equipment clocks firearms livestock clothes toys more Cites catalog s location size more **Divorce, American Style** Suzanne Kahn,2021-05-28 This book examines feminist divorce reformers their relationship with the broader feminist movement and their lasting effects on the American social welfare regime It shows how the two distinctive qualities of the American welfare state its gendered nature and its public private nature combined to encourage the breadwinner homemaker model of marriage s use as policy tool The linking of access to economic benefits to marriage begun early in the development of the American social insurance system shaped political identity and activism in the 1970s and has continued to do so into our current political moment The result has not only affected policy questions directly relating to marriage but also limited the possibilities for expanding America s social welfare provisions As a gateway to full economic citizenship marriage has always served as an institution that protects and perpetuates class privilege **The Medieval Irish Kings and the English Invasion** Seán Ó Hoireabhárd,2024-10-04 When Henry II accepted the Leinster king Diarmait Mac Murchada as his liegeman in 1166 he forged a bond between the English crown and Ireland that has never been undone Ireland was to be changed forever as a result of the momentous events that followed so much so that it is normal for professional historians to specialise in either the pre or post invasion period Here for the first time is an account of the impact of the English invasion on the Irish kingdoms in the context of their strategies across the whole twelfth century Ireland s leading men battled for spheres of influence for recognition of their hegemonies and ultimately for the coveted title of king of Ireland But what did it mean to be the king of Ireland when no one dynasty had secured their hold on it This book takes a close look at each pretender asking what it meant to them and whether the political dynamics surrounding the role had an impact on the course of the invasion itself **The Official Price Guide to Collector Prints** Ruth M.
