

JANUARY ... DOES IT BRING YOU JOY?

- 1 January is the time for renewal on many fronts. It's the time of the year to re-evaluate everything. If something or someone doesn't bring you joy, it's pretty pointless carrying on with it. If we want the best, we must do our best. We must keep our family space safe and secure so that we are thriving as a people and as a nation. 5
- 2 In order to live their best lives, people are spreading themselves thinner and thinner with multiple streams of income. In the process we earn more but live less, we lose our focus of what is important.
- 3 With social media, keeping up with other Instagrammers are having a devastating effect on self-perception. Everything appears to be real perfect, but the fabric of our society is frazzled. Use January to take stock and start navigating new ways of doing things. Instead of multiple streams of sole sessions, travel more, and connect with people and places that bring you joy. 10

Micklitz,Andrea Wechsler,2016-04-07 This insightful book considers the phenomenon of the transformation of enforcement in European economic law while adopting a distinct global perspective The editors identify and respond to the need for reflection on transformation processes in the area of enforcement by bringing together the leading international and European scholars in a variety of disciplines to share and compare experiences and learning in different areas of law Rooted

in a wide and regulatory understanding of enforcement this book showcases the transformation of enforcement with reference to both European economic law especially transnational commercial law competition law intellectual property law consumer law and to the current context of significant global economic challenges Comparative perspectives facilitate the formation of a holistic perspective on enforcement that reaches beyond distinct theoretical accounts political agendas regulatory systems institutional patterns particular remedies industry sectors and stakeholder perspectives As the first comprehensive and comparative analysis of the enforcement of European economic law that reaches beyond closely confined areas of law it constitutes a crucial contribution to the theoretical and policy questions of how to design a coherent European enforcement architecture in accordance with essential principles and objectives of the EU economic order This unique study will have broad appeal By exploring enforcement transformations from a legal and a cross disciplinary perspective it will be essential reading for scholars practitioners and policymakers from different disciplines **Tunisia's International**

Relations since the 'Arab Spring' Tasnim Abderrahim, Laura-Theresa Krüger, Salma Besbes, Katharina McLarren, 2017-09-22 When popular protests started in Tunisia in late 2010 few anticipated the implications these events would have for the entire Arab region In the following years this region witnessed deep changes increased divisions and even failing states Meanwhile Tunisia managed to assert itself as a new democracy How did this small country manage its democratic transition within such a short period And what implications has this had for its foreign policy and its role in international politics This book assesses Tunisia's transition inside and out from four angles Tunisian polity and politics which provide the framework for its foreign policy since the Arab Spring bilateral relations before and after the Arab Spring Tunisia's activism in international organisations as well as their presence in Tunisia and transnational issues in Tunisia Drawing on a broad range of primary sources including authors own interview material conducted with politicians and representatives of civil society and international NGOs involved in the transition process the book shows that since 2011 Tunisia has not only developed fundamentally at the domestic level but also at the level of external relations New and old alliances a broadening of relations and new activism of civil society and of Tunisia in international organisations certify that Tunisia has the potential to play an increasingly important role regionally as well as internationally Providing an encompassing picture of Tunisia's changed role and successful transition from an autocracy to a democracy the book allows students and scholars in the field to understand the last country standing better a country that both the scientific community and the political scene should not underestimate for the promises it holds *George Broomhall's Corn Trade News*, 1917
