teachers face many challenges including teaching in multilingual classrooms addressing diverse learning needs and engaging families and communities. The field also lacks professional development opportunities creating a sense of isolation. *Mentoring and Reflective Teachers in ESOL and Bilingual Education* is a practical solution to these challenges. The book draws on expert educators' experiences to offer strategies and best practices that can be used to support new ESOL teachers' professional development. The book emphasizes the importance of collaboration, reflective practice and ongoing professional development offering concrete examples of how these practices can be implemented in real world contexts. This comprehensive guide covers various professional activities that can help improve classroom instruction for ELs and encourage family and community involvement. Topics include mentoring in ESOL teacher education, professional development and support for ESOL teachers, guided practice and professional growth of teachers of culturally and linguistically diverse learners, collaborative networks of ESOL teachers, building a community of reflective practice and best practices in ESOL education. With this book, ESOL and bilingual education teachers can gain the support they need to provide high quality instruction to ELs and build strong relationships with families and communities.
