Design ,1993-07 *Suck, Don't Blow* Jane Farnival,1998 Launched in 1906 the Puffing Billy was an elaborate machine and the equivalent would cost 2000 to buy in the 1990s This text follows the chain of false starts and ingenious ideas which have evolved around the modern day vacuum cleaner Handbook of Elastomers Anil K. Bhowmick,Howard Stephens,2000-11-02 Provides the latest authoritative research on the developments technology and applications of rubbery materials Presents structures manufacturing techniques and processing details for natural and synthetic rubbers rubber blends rubber composites and thermoplastic elastomers 80% revised and rewritten material covers major advances since publication of the previous edition Mother Trouble Miranda J. Brady,2024-10-01 Mother Trouble traces white maternal angst in popular culture across a span of more than fifty years from the iconic Rosemary s Baby to anti vaxx mom memes and HGTV shows The book narrows in on popular media to think about white maternal angst as a manifestation of feminism s unrealized possibilities and continued omissions since the second wave It interrogates intersecting systems of power which make mothers and their children the most impoverished people in the world and urges a greater appreciation in academic and popular thinking of the work that mothers do The book calls for an analytical expansion beyond gender to better address the erasure of reproductive labour and especially that performed by migrants and people of colour It illustrates the continued marginalization of racialized mothers and the disproportionate amount of labour performed by all mothers in a society where their work is devalued Ultimately Mother Trouble reveals how the unease around white motherhood in the media has become a proxy for the troubles faced by all mothers *Handbook of Elastomers, Second Edition*, Anil K.
