Global Business Transformation Richa Goel, Chitra Krishnan, KDV Prasad, Payyazhi Jayashree, Grace McCarthy, 2025-09-08 Many contemporary business models are now completely based on the idea of a circular economy or sustainability where they extensively use technology to save resources become more efficient and leave a smaller carbon footprint on the planet. Thus, this book aims to bring the discussion of global business transformation, which is a need of the hour, to the forefront and highlight the use of modern technology in actively aiding businesses to become more sustainable. Global Business Transformation: Innovation, Technology, and Sustainability showcases the emerging economy context where innovation and technology are extensively used for business transformation to achieve the Sustainable Development Goals (SDGs). It serves as a comprehensive resource to study the different dimensions of technology, such as AI, data mining, and machine learning, from businesses that utilize disruptive technology to achieve sustainability. The book addresses a variety of challenges in the pursuit of global business transformation, which policymakers and experts at all levels of society need to understand well. It also provides an outline of the most pertinent issues and effects that Industry 4.0 is expected to bring to global organizations in the near future and highlights the role of government in streamlining the alignment between SDGs and technology during strategic business transformations globally. It further analyses the possible implications for international business practice and theory and examines the wider repercussions on employment, development, and ethics. Apart from being a valuable resource for researchers, students, and professionals involved in the corporate business, manufacturing, and industrial engineering sectors, this book will also be of interest to those in fields related to economics, psychology, management, strategy, political science, government bodies, sociology, NGOs, and other industrial organizations.

Telecommunications Reports, 1988 **A List of the Principal Publications Issued from New Burlington Street**, 1893 **Late Victorian Utopias: A Prospectus, Volume 6** Gregory Claeys, 2021-03-24

This collection of literary utopias calls for a complete overhaul of existing assumptions about utopian writing in this period. The representation of utopian texts in these volumes shows that William Morris is far from representative of basic trends in the genre in this era. This is final

Volume of 6 includes selected works from 1896 to 1899 **Mining Intelligence and Knowledge Exploration** Rajendra Prasath, Philip O'Reilly, T. Kathirvalavakumar, 2014-12-01 This book constitutes the proceedings of the Second International Conference on Mining Intelligence and Knowledge Exploration (MIKE 2014) held in Cork, Ireland, in December 2014. The 40 papers presented were carefully reviewed and selected from 69 submissions. The papers cover topics such as information retrieval, feature selection, classification, clustering, image processing, network security, speech processing, machine learning, recommender systems, natural language processing, language cognition, and computation and business intelligence.

Global University Rankings and the Mediatization of Higher Education Michelle Stack, 2016-04-12 Higher

Education Institutions simultaneously critique and participate in national and international rankings of universities However this creates a difficult situation since if universities do participate in rankings they acquiesce to a system based in media logics that has little to do with academic norms of research If they do not participate in the rankings they risk losing public funding students and donors in an increasingly competitive and globalized environment This book delves into the influence of journalists business tycoons and multinational corporations in defining what world class is and how it will be measured Rankings provide us with a rich study for understanding how universities define deploy and manage their assets and liabilities in a mediatized globalized economy *Ralph Ingersoll* Roy Hoopes,1985
