Honestly, Ali! Christine Marciniak, 2014-09-23 Ali Caldwell thought her troubles were over but she has a new one She's let her grades fall and now she's on academic probation She has to get her grades up or leave school Everyone is talking about an intriguing study system but Ali realizes it's nothing more than cheating so she doesn't use it She studies for hours to get a perfect grade on

her next test Instead of applauding her teacher accuses her of cheating To make things worse the administration is certain that her boyfriend is the mastermind behind it all She needs to prove that not only didn't she cheat but Liam is innocent as well before they both get kicked out of school

The Influence of Aural Training in Music on the Perceptive Performance of Adult Learners' Sound-Discrimination Abilities in an Unknown Foreign Language

Friederike Flottmann, 2011 Can aural training in music enhance your sound discrimination abilities for languages The study sets off to answer this question by testing 50 German speaking students of non linguistic degrees for their abilities to discriminate between sounds in Finnish a language previously entirely unknown to them 25 randomly selected subjects then went through an aural training in music for two weeks before all the subjects were retested in their aural perceptive abilities in the Finnish language by means of a similar test containing different test items The hypothesised positive effect of the musical intervention could be partially proved by a statistically significant mean enhancement in the final scores achieved by the trained group compared to an insignificant enhancement achieved by the control group

Minority Student Retention

Alan Seidman, 2019-05-23 Student retention continues to be a vexing problem for all colleges and universities In spite of the money spent on creating programs and services to help retain students until they achieve their academic and personal goals and graduate the figures have not

improved over time This is particularly true for minority students who have a greater attrition rate than majority students Demographic information shows that the minority population in the United States is growing at a faster rate than the majority It is imperative that educational institutions find ways to help improve retention rates for all students but particularly minority students Retention rates should not differ appreciably among different racial ethnic groups The Journal of College Student Retention Research Theory and Practice is the only scholarly peer reviewed journal devoted solely to college student retention It has published many articles on minority student retention and this topic continues to garner much attention This book is a compilation of the very best of these articles selected on the basis of reviews by a cadre of experts in the education field The articles discuss African American Latino Latina Asian and Asian Pacific Native American and biracial students and institutional commitments to retaining a diverse student population For those interested in this vital area the collection will teach and inspire them to achieve greater heights and pay additional attention to retaining minority students in our colleges and universities
