

PSYCHOLOGICAL WARFARE IN THE ARAB-ISRAELI CONFLICT

FROM SCHLEIFER

Psychological Warfare In The Arab Israeli Conflict

Ron Shlaifer

Psychological Warfare In The Arab Israeli Conflict:

Perspectives of Psychological Operations (PSYOP) in Contemporary Conflicts Ron Shlaifer, 2011 This collection of essays provides analysis and commentary on psychological warfare in the battle against terrorism PSYOP techniques adopted by different Palestinian groups against Israel and actions that promote the Palestinian cause in the West Israeli strategies for combating radical Islam and Jewish perspectives on propaganda in the context of Israel's international image problems PSYOP designed to influence the perceptions and attitudes of individuals groups and foreign governments is still considered confidential by many defence organisations hence the lack of publications that deal with the topic in a scientific factual approach Perspectives of PSYOP is a follow on volume to the author's Psychological Warfare in the Intifada adopted in the US Intelligence College as a textbook and widely reviewed to critical acclaim

Psychological Warfare in the Arab-Israeli Conflict R. Schleifer, 2014-10-23 The first study to examine psychological warfare in the context of the Arab Israeli conflict this book presents a rational analysis of the Arab and Israeli struggles to gain the world's sympathy and support tracing these struggles from the British Mandate to the more recent HAMAS abduction of IDF soldier Gilad Shalit

Psychological Warfare in the Intifada Ron Schleifer, 2006 Psychological warfare is a touchy subject in western democratic societies It raises the spectre of Nazism and totalitarian methods of mind control yet provides an explanation for the spectacular success of the Palestinians in their fight against Israel and their ability to exert political pressure on this regional power This is the first book of its kind on PSYOP psychological operations military actions designed to influence the perceptions and attitudes of individuals groups and foreign governments in Middle East research The book provides a much needed in depth analysis of the techniques used by both the Israelis and the Palestinians The volume clarifies the rationales for psychological warfare in the Israeli Palestinian conflict from 1948 to 1991 examines the development of concepts of offensive and defensive psychological warfare as developed by the Nazis and the Soviets as well as US and British tactics of persuasion and looks at the ways the main actors have adapted these tactics to the specifics of the Intifada Close attention is paid to the formulation and dissemination of Palestinian psychological themes directed at the Arab world neutral parties and the enemy and official Israeli attempts though largely unsuccessful to counter them including official government stances and directives to the Israeli Defense Forces The Intifada conducted under media scrutiny resulted in a total re examination of Israeli military strategies which has important bearing for the future conduct of armies fighting local insurgency most recently the US Iraq experience

Arab-Israeli Conflict Priscilla Roberts, 2014-07-15 Truly an essential reference for today's world this detailed introduction to the origins events and impact of the adversarial relationship between Arabs and Israelis illuminates the complexities and the consequences of this long lasting conflict The Arab Israeli conflict remains one of the most contentious in modern history one with repercussions that reach far beyond the Middle East This volume describes and explains the most important countries people events and organizations that play or have played a part in the conflict

Chronological coverage begins with the Israeli War of Independence in 1948 and extends through the 2010s. A one-stop reference guide offers a comprehensive overview essay as well as perspective essays by leading scholars who explore such widely debated issues as the United States support for Israel and historic rights to Palestine. Important primary source documents such as the UN Resolution on the Partition of Palestine and the Camp David Accords are included and put into context. Further insight into drivers of war and peace in the Middle East are provided through biographies of major political leaders like Menachem Begin, Golda Meir, Yasser Arafat, Benjamin Netanyahu, and Anwar Sadat.

Psychological War Trauma and Society Irit Keynan, 2015-04-10. This book explores the psychological trauma affecting soldiers and civilians who have encountered the violence of war or terrorism, arguing that the enigmas surrounding war trauma are rooted in culture, collective memory, and social norms. Focusing primarily on a large-scale sociological study in Israel, chapters detail the ideological, political, historical, and economic factors that shape the multifaceted connection between individual and collective trauma, probing the exterior layers of Israeli society and exposing the complex relationship between society and emotionally scarred individuals everywhere. Divided into three main parts, particular attention is paid to the treatment of soldiers and civilians and the tension between the medical and societal approaches to PTSD, shedding light on the intricate relationships between war trauma and society worldwide. Part 1 looks at traumatized soldiers and the changing attitudes towards CSR and PTSD. Part 2 explores civilian trauma and shock, including the first published research on the implications of war trauma in Israeli Arab society. Part 3 analyses the deficiencies and contradictions in current international definitions and discourses of trauma and the profound consequences of war trauma in society as a whole. *Psychological War Trauma and Society* will be of key value for academics and postgraduate students in the fields of psychology, sociology, history, Jewish studies, military studies, social work, terrorism studies, and political science, as well as professionals who work with traumatised individuals, either directly or indirectly, including psychologists, psychotherapists, and social workers. The Hebrew edition of the book was the winner of the 2012 AIS Association for Israel Studies Shapiro Award for Best Book in Israel Studies.

Parameters, 2015.

Justice and Peace in the Israeli-Palestinian Conflict Yaacov Bar Siman Tov, 2014-09-19. In this book, the late Prof. Yaacov Bar Siman Tov argues that the failure of the Israeli-Palestinian peace process so far has been mainly the result of the inability of both sides to reach an agreed formula for linking justice to peace. The issues of justice and injustice are focused mainly on the outcomes of the 1947-1949 first Arab-Israeli War and specifically in the creation of the Palestinian refugee problem. The conflicting historical narratives of the two sides regarding the question of responsibility for the injustice done to the Palestinians turn the Israeli-Palestinian conflict into a classic case of linking the issues of justice and peace. Yaacov Bar Siman Tov maintains that the narratives of justice and injustice in the Israeli-Palestinian conflict have proved to be formidable barriers to peace. Hence, he recommends that justice should be compromised for the sake of peace. The link between justice and peace is an important issue requiring both sides' attention, but given the wide and currently unbridgeable

gap separating the two sides it should be postponed to the phase of reconciliation rather than being included in the process of conflict resolution The two state solution is endorsed as the best and practical solution and as a first step for a just peace in this conflict to be followed by reconciliation Highly topical this book is essential reading for scholars and researchers of International Relations Peace Studies and the Arab Israeli conflict *Echo Chambers of Conflict* Jonathan Matusitz,Jonah Lynne,2025-10-20 This volume offers a detailed description of how media propaganda shapes public perception in conflict zones drawing on key communication theories like framing and agenda setting It analyzes disinformation campaigns by Hamas and Israel showing how psychological warfare plays out on social media platforms The book delves into polarization and radicalization emphasizing social media s role in exacerbating these processes and exploring how individuals especially youths are radicalized online through gradual stages of desensitization This discussion is expanded through an analysis of digital activism and the role of social media in facilitating global protest movements **Media Strategy and Military**

Operations in the 21st Century Michal Shavit,2016-07-15 This book applies the concept of mediatization to the contemporary dynamic between war media and society with a focus on the Israel Defence Forces IDF Since the beginning of the 21st century the IDF has undergone an intensive process of mediatization that has transformed the media into an interpretative grid for many of its military activities and increasingly utilized media to garner public support and construct civilian perceptions of conflict and security through media activity and strategy This process can be divided into four distinct chronological phases in accordance with the operational challenges confronted by the IDF during this period from the Al Aqsa Intifada of 2000 through Israeli unilateral disengagement from Gaza in 2005 and the second Lebanon war of 2006 to the series of Gaza confrontations of 2008 2014 The work shows how the IDF s media policy evolved from a narrow perception of its role and separation between operational and media actions to a cohesive and coherently articulated media strategy that is increasingly intertwined with military action and operational strategy and a vital component of strategic military aims and objectives This strategic stance has led the IDF to adopt a global media perspective using the most advanced new media platforms designed to influence public opinion and improve national narratives both in Israel and the international community By applying the concept of mediatization to the Israeli case this book fills a research lacuna and offers a new prism for the study of media military relations in contemporary conflicts The book will be of much interest to students of civil military relations strategic studies Middle Eastern Studies media and communication studies sociology and IR in general

Historical Dictionary of Israel Bernard Reich,David H. Goldberg,2016-08-30 Since its creation the State of Israel has been a magnet for attention A country beset by conflict in its region and faced with the need to integrate mainly Jewish immigrants of disparate backgrounds into a modern and advanced democratic state and society Israel has preoccupied observers scholars and journalists since its independence in May 1948 Although a Jewish state Israel is also a democratic state that guarantees the rights of all of its citizens including its large Arab and Moslem minority in law and in practice Israel

and its modern history and politics have been the subject of substantial and often highly partisan literature being hotly and vigorously debated both at home and abroad This third edition of Historical Dictionary of Israel contains a chronology an introduction appendixes and an extensive bibliography The dictionary section has over 1100 cross referenced entries on significant persons places events government institutions political parties and battles as well as entries on Israel's economy society and culture This book is an excellent access point for students researchers and anyone wanting to know more about the various diplomatic and political personalities institutions organizations events concepts and documents that together define the political life of the Jewish state of Israel

Psychological Warfare In The Arab Israeli Conflict Introduction

In the digital age, access to information has become easier than ever before. The ability to download Psychological Warfare In The Arab Israeli Conflict has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Psychological Warfare In The Arab Israeli Conflict has opened up a world of possibilities. Downloading Psychological Warfare In The Arab Israeli Conflict provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Psychological Warfare In The Arab Israeli Conflict has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Psychological Warfare In The Arab Israeli Conflict. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Psychological Warfare In The Arab Israeli Conflict. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Psychological Warfare In The Arab Israeli Conflict, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the

legitimacy of the websites they are downloading from. In conclusion, the ability to download Psychological Warfare In The Arab Israeli Conflict has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Psychological Warfare In The Arab Israeli Conflict Books

1. Where can I buy Psychological Warfare In The Arab Israeli Conflict books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
